

GrinderCrusherScreen Pleased To Announce Industry Leading Recycling Equipment Financing Options

February 06, 2024

February 06, 2024 - PRESSADVANTAGE -

Smyrna, Georgia - GrinderCrusherScreen®, a pillar in the recycling and processing equipment industry since 1973, proudly unveils its groundbreaking equipment financing program. This initiative, unprecedented in its scope and benefits, marks a significant step forward in making recycling equipment more accessible and affordable for contractors and businesses across the United States.

Coupled with GrinderCrusherScreen's knowledgeable staff, their new financing program will further enable contractors to purchase equipment that suits their immediate business needs while allowing them to work towards long-term business goals without the financial burden of traditional equipment financing.

GrinderCrusherScreen's new financing terms, featuring rates as low as 7.99%, presents an unparalleled opportunity in the industry. The initiative includes:

- Extensive 84-month financing for the latest equipment, transcending the traditional 60-month offers by

competitors.

- A comprehensive 72-month financing plan for used equipment under 15 years of age.
- An inclusive 60-month financing scheme for older equipment, catering to a broader range of business needs.

This program embodies the company's dedication to empowering businesses, large and small, with the tools they need for growth and efficiency.

The financing program is designed to optimize business operations, providing:

- Simplified one-page credit applications, streamlining the approval process.
- Rapid approval timelines, often within 24 hours, to expedite business plans.
- The absence of prepayment penalties after the first year offers flexibility.
- Soft credit inquiries, ensuring minimal impact on clients' credit scores.

Rick Cohen, GrinderCrusherScreen's owner, shares his enthusiasm: "This financing program is more than just an offer; it's a testament to our commitment to leading the industry forward on the back of GrinderCrusherScreen's reputation and history in the recycling equipment market. We're not just ahead of the curve with these rates and terms ? we're creating a new one. This financing initiative represents our dedication to our customers' success and the broader industry transformation."

GrinderCrusherScreen? has been at the forefront of providing exceptional service and superior equipment to the recycling and processing industry for more than five decades. This financing program is the latest in a series of innovations demonstrating the company's enduring commitment to its clientele and the industry.

Understanding the diverse needs of its customers, GrinderCrusherScreen? ensures that this financing program caters to a wide range of businesses. From small startups seeking to establish a foothold to large corporations looking to expand their operations, this program offers a financial solution that aligns with various business models and objectives.

GrinderCrusherScreen? has established itself as a vital player in the market for new and used recycling machinery, with a foundation built on trustworthiness and an advisory approach to sales. The company originated to fulfill the growing demand for a dependable and knowledgeable supplier in the recycling

equipment sector, offering various products such as wood grinders, crushers, screening plants, shredders, compost turners, and more.

This enterprise traces its roots back to the expertise of Screen USA Inc., which is renowned for manufacturing American-made portable screening plants and wood grinders. Since its founding in 1973, GrinderCrusherScreen? has carried forward over forty years of industry expertise from its parent company. With its main office in Smyrna, GA, and staff around the country, the company extends its services across the U.S., Canada, and globally, supported by a team of well-informed sales representatives in various regions.

GrinderCrusherScreen? boasts a remarkable inventory that includes a wide selection of pre-owned equipment from top brands such as Morbark, Peterson Pacific, McCloskey, Diamond Z, Vermeer, Nordberg, Metso, Powerscreen, Extec, and Sandvik. It also features new machines from Screen USA, CAMS, CZ Screens, GCS Conveyors, and Evortle. The company additionally provides a complimentary listing service for those wishing to sell their recycling equipment, facilitating a smooth and efficient sales experience.

Beyond leading the industry in equipment sales, GrinderCrusherScreen? also supplies customers with a full range of superior wood grinder wear parts, including tips, hammers, screens, and hardware. The company?s dedication to quality is paramount, evidenced by its competitive pricing and unparalleled customer service.
