

Cool Blew Inc. Announces Expansion of HVAC and Plumbing Services in Phoenix, Arizona

February 20, 2024

Peoria, AZ - February 20, 2024 -

PHOENIX, AZ ? Cool Blew Inc., a leader in providing comprehensive HVAC and plumbing services, is excited to announce the expansion of its operations in Phoenix, Arizona. Known for their expertise in residential AC repair, AC installation, and emergency AC repair services in Phoenix, Cool Blew Inc. has established itself as a trusted provider in the Phoenix metropolitan area. With a team of highly skilled and licensed plumbers and HVAC technicians, the company is dedicated to ensuring the comfort and satisfaction of its clients through top-notch service and reliable solutions.

Scott Proctor, Operations Manager at Cool Blew Inc., emphasized the company's commitment to excellence and customer satisfaction. "Our mission is to provide the residents of Phoenix with unparalleled service in AC repair and installation, as well as plumbing services. We understand the importance of having a reliable and efficient AC system in our climate, and our team is equipped to handle all your HVAC needs, from routine maintenance to emergency repairs," Proctor stated.

The expansion includes the addition of more service vehicles and licensed technicians to meet the growing demand for residential plumbers and HVAC experts in the area. This strategic growth is aimed at reducing

response times for emergency AC repair calls and ensuring that residents have access to prompt and professional service whenever they need it.

Cool Blew Inc.'s team of residential plumbers in Peoria is renowned for their expertise and efficiency in handling a wide range of plumbing issues, from simple repairs to complex installations. "Our licensed plumbers are at the heart of our business, providing reliable and courteous service to every customer. Whether you're dealing with a minor leak or a major plumbing project, our team is ready to deliver the high-quality solutions that Phoenix residents deserve," added Proctor.

In addition to emergency services, Cool Blew Inc. offers comprehensive maintenance plans designed to keep AC systems running smoothly and efficiently. These plans are tailored to the individual needs of homeowners, ensuring that their cooling systems are prepared to handle the extreme temperatures common in the Phoenix area. "AC installation and regular maintenance are key to avoiding unexpected breakdowns, especially during the hot summer months. Our plans are designed to give our customers peace of mind, knowing their systems are in expert hands," Proctor explained.

Cool Blew Inc. is not just another HVAC and plumbing service provider. The company prides itself on being a community partner, offering educational resources on energy efficiency and system care to help residents save money and extend the lifespan of their equipment. "We believe in empowering our customers with knowledge. By understanding their systems and how to maintain them, we can work together to create a more comfortable and sustainable environment for everyone," Proctor concluded.

As Cool Blew Inc. continues to grow and expand its services in The Phoenix Valley, the company remains focused on its core values of integrity, professionalism, and customer-first service. With a dedicated team of experts and a commitment to quality, Cool Blew Inc. is poised to remain a leading provider of HVAC and plumbing services in Arizona for years to come.
