

New Supplier Of 2016 Sweepstakes Leads Offering One Time Free Sample To Fellow Marketers

December 28, 2015

December 28, 2015 - PRESSADVANTAGE -

Gila Bend, AZ company SweepstakesLead.org is proud to announce that, as a new supplier of 2016 sweepstakes leads, they are offering a one time free sample to fellow marketers. They have just received a new supply of sweepstakes leads and they are proving to be very popular. Many customers are trying the new free sample option and are finding it to be very beneficial.

"If you are looking to make money with telemarketing leads, then sweepstakes leads are the most profitable leads you can get," says Steve Dixon from Sweepstakeslead.org. "We offer some of the best leads available. Our leads are new, fresh and hot. In fact, our specialty is one to ten day old leads. We also have many different types of sweepstakes leads to choose from."

To receive a sweepstake leads sample, people are encouraged to simply visit the company's website and complete the relevant information. This includes name and email address and the type of samples they want to receive. These samples show the overall quality of the leads themselves and many clients have, following their sample review, decided to order full sweepstakes leads.

The leads that the company has provided have long been very popular and positively reviewed. "Thanks so much for sending me my sweepstakes so quickly," says Alex M. from Costa Rica. "I would just like to say that your company has provided such amazing customer service and support to date, it has really blown me away (it is very rare in business today)."

The above customer review also highlights another benefit of the company, which is that they enable international customers to purchase through them. They are one of the few companies of their kind to offer this type of service and that really sets them apart from the rest of the market. Full details are available on the company's website on <http://www.sweepstakeslead.org/>. This is also where customers can access their free samples and see what they are all about or, alternatively, place an order for the sweepstakes leads that they are interested in. The website is designed to be clearly laid out and easy to understand.
