Milestone Story

Pastor Jeff Little dreamed of planting a church with one simple goal: help people begin a relationship with Jesus and see their lives built on the foundation of the Bible. The vision was to develop a church that was life-giving, spirit-filled, and would embody the mission of reaching people and building lives.

With the help of a committed group of families, that vision became a reality as a team of 32 people gathered in the ballroom of a Holiday Inn in August of 2002. As the initial group grew, they began meeting at Indian Springs Middle School in Keller and formally launched Milestone Church in October of 2002. The life-transforming message of the Gospel, passionate worship, and a commitment to pursuing authentic relationships brought continuous growth and decisions for Christ in their first two years as a church.

After two and a half years of being a portable church in a school cafeteria, they leased their first permanent facility off of Willis Lane in Keller. From parking to classroom space, they quickly outgrew this building and God provided a solution in a converted storefront with a location in the heart of Keller.

The purchase of their facility on Keller Parkway invited massive growth as their made more space to care for their community. From 2009-2013, Milestone became home to over 3,000 people attending services.

In June of 2013, another exciting step was ahead for the church family. Their first satellite campus launched in McKinney, TX, and Milestone became one church in two locations. From 2013 to 2016, they continued to grow to over 4,000 people and they knew it was time for another transition.

In April of 2017, they opened the doors to their brand new campus at 201 Mount Gilead. Since that time, they've seen God use Milestone to reach more people and build more lives as they've grown to over 5,000 in attendance.

A growing need in Haslet also led us to launch their Haslet campus in September of 2021 in Leo Adams Middle School, with plans to eventually construct their own building there. Continued growth led to a move to Eaton High School in March 2024.

Through every season of change and expansion, the vision of Milestone has stayed intact. They are more enthusiastic about reaching people than ever before, and there's a place for you and your family!
