

5 Star Amazon Rated Windproof Umbrella Available With 15% Discount

December 28, 2015

December 28, 2015 - PRESSADVANTAGE -

Crown Coast Umbrellas, a business in Valley Cottage, NY, is responding to the fact that the state is experiencing unseasonably mild and wet weather. To make sure people are able to stay dry, they have released their umbrellas with a special, limited time only 15% discount. By entering the code 'NOTWET15' at checkout, customers can access the discount on any color umbrella. The umbrellas are available through <http://www.amazon.com/dp/B015ILHPX0>.

Sam Moir from Crown Coast Umbrellas says, "We're in a season where most of us expect snow and bright sunshine, but that just doesn't seem to materialize lately. In fact, it's like it's raining all the time. To alleviate some of these issues, we are offering everybody a 15% discount on our windproof umbrella. It may not bring the snow and blue skies, but it will at least keep people dry. Plus, the cool colors of our umbrellas will provide a little splash of happiness in the gray surroundings as well."

The umbrella is available in nine different colors. These are black, blue, sky blue (including pictures of clouds on the inside), green, pink, red, turquoise, white and yellow. All have long been very popular and they really are flying off the shelves now that the discount is available. However, the discount will only continue to be in place for a short period of time and while stocks last, so customers are encouraged to get theirs as quickly as possible.

The umbrella has received numerous five star reviews from customers and is one of the top rated items in its category on Amazon. "This is the best umbrella I have ever owned," says Neha S. "I work in Chicago and live near the suburban area and it is windy during winters. The last two umbrellas I bought broke. Due to too much wind they flipped over and broke. I love really how sturdy this umbrella from Crown Coast is. I received one in vibrant blue color and it is compact. I like that I can fit this in my purse easily."

By entering code 'NOTWET15' at checkout, a 15% discount will be applied.
