

POC, The Leading Metal Roofing Company in The Sutherland Shire, Announces Completion of New Project

March 21, 2024

Sydney, New South Wales - March 21, 2024 -
POC Plumbing & Roofing, a family-owned establishment, is known for its integrity and high-quality workmanship in the realm of plumbing and roofing services. They recently announced the fruitful completion of a significant undertaking called the New Metal Roof Jannali. This project meant the installation of a Colorbond roof in the appreciate coastal home roof colour, Surfmist.

Surfmist contains the essence of the ocean and enhances the beauty of Australian coastal homes. More than just an aesthetic choice, the light-reflective properties of Surfmist play a crucial role in making homes more energy efficient ? a defining factor for roofing in regions that experience changing climates.

POC Plumbing & Roofing's Director, Paul Chrysanthou, has shed light on the careful thought process behind this choice of roof color. He stated, "Colorbond Surfmist is the ideal roofing color for coastal homes in Australia. With the ever-increasing temperatures, choosing a light and reflective roof color is a wise move.

This not only helps homes stay cooler but also contributes to improving energy efficiency."

The success of the New Metal Roof Jannali project showcases POC Plumbing & Roofing's creative approach to delivering roofing solutions that adhere to the highest industry standards. A distinguishing factor of the company is that it caters specifically to the varied needs and unique circumstances of their clients.

Their breadth of services is commendable. From specialized offerings in metal roofing, Colorbond roofing, commercial roofing, roof plumbing, guttering & fascias, to metal roof repairs, their portfolio is diverse. The POC Roofers Sutherland Shire team has made themselves a valuable resource for residential and commercial clients in and around the area.

In addition to their roofing services, POC Plumbing & Roofing provides a plethora of plumbing solutions. Their services range from resolving blocked drains, mending burst pipes, installing gas fittings, to setting up hot water systems, and handling renovation plumbing work. This diverse range of services is a reassurance of the company's commitment to address all the varied requirements of their clientele, making it evident that customer satisfaction is at the heart of their operations.

The POC Roofers Sutherland Shire unit is a group of professional plumbers and roof plumbers. The team, possessing vast experience, provides valuable insights and skills, raising the service status to new highs.

Stretching beyond conventional offerings, POC Plumbing & Roofing has branched into cladding. They now provide standing seam cladding services. This venture illustrates their adaptability and responsiveness to the changing needs of their clients.

Their successful completion of projects, such as the recent Colorbond roof installation in Jannali, stands testament to the capabilities of POC Plumbing & Roofing. Their work beautifully integrates a sense of style with practicality, aspects highly appreciated by their clients. At every stage, they make sure to maintain a balance between tailored solutions that take into account the client's financial limitations and the superior quality of the finished results.

"Every project we undertake is a testament to our unwavering commitment to maintaining quality and service," affirmed Paul Chrysanthou. "Our team, which includes POC Roofers Sutherland Shire, has a deep commitment to their work. This ensures our clients enjoy top-tier craftsmanship and customer service that is second to none."

With a solid commitment to quality, an outstanding range of services, and a team of dedicated professionals,

POC Plumbing & Roofing has cemented its position as a reliable provider in the plumbing and roofing industry. For more insights about POC Plumbing & Roofing and their services, individuals can explore the company's website.
