

EPS Landscaping & Tree Service Llc Expands Offerings to Include Lawn Sprinkler Repairs in Florida

March 22, 2024

Pembroke Pines, Florida - March 22, 2024 -
EPS Landscaping & Tree Service LLC in Pembroke Pines, FL, a premier provider of landscaping services, is excited to announce the extension of its offerings to cover lawn sprinkler maintenance. In keeping with the company's unwavering commitment to delivering extensive lawn care services, this expansion will provide clients with a mechanism to ensure the well-being and blooming vitality of their landscapes throughout Florida's sunny seasons.

The lawn sprinkler service is designed to include everything related to the area, from setting up new systems to repairing and performing regular maintenance on existing ones. This service fully exhibits EPS Landscaping & Tree Service's pledge to not just satisfy, but go above and beyond their clients' expectations in all landscape care needs. For more information about their services, visit their website.

Greg O'Connell, from EPS Landscaping & Tree Service LLC, stated, "Water is the foundation of a healthy landscape. Our lawn sprinkler service will ensure that each client's landscape receives the right

amount of water, at the right time, every time."

The new service will address common issues pertaining to sprinkler systems like overwatering, underwatering, uneven watering, and overly moist lawns. The company plans to provide regular maintenance and timely repairs to optimize the irrigation process, leading to a more effective and efficient system.

A satisfied client, under the username kahuna6009, left a glowing 5-star review about EPS Landscaping & Tree Service LLC's commendable tree cutting, edging, and trimming services. Additionally, the client appreciated the straightforward nature of communication with the company and the ease of making payments online.

Alongside lawn sprinkler services, EPS Landscaping & Tree Service LLC provides several other services aimed at fostering and preserving beautiful outdoor spaces. Services they offer include landscape design and installation, tree care such as trimming and pruning, and extensive lawn care that goes beyond just irrigation, involving mowing, fertilizing, pest control, and weed control.

While delivering all these services, EPS Landscaping & Tree Service employs a diverse array of strategies tailored to each landscape's needs. For irrigation, the company conducts an initial survey of the property to measure the water needs of each lawn area. The company also advocates the installation of a rain sensor in Florida, a smart device using weather data to decide when to activate the sprinkler system.

Greg O'Connell added, "Every landscape is unique, which is why we tailor our approach to meet the specific needs of each client's property. Whether it's installing a brand-new lawn sprinkler system, repairing an existing one, or carrying out routine maintenance, our team is ready and able to ensure that our clients' landscapes are as healthy and lush as possible."

In these challenging times, where water conservation is crucial, EPS Landscaping & Tree Service LLC is committed to ensuring that all clients' sprinkler systems are functioning at optimal efficiency, reducing water wastage, and promoting flourishing, healthy landscapes in Pembroke Pines and surrounding areas. EPS Landscaping & Tree Service LLC's longstanding dedication to superior customer service and sustainable practice has firmly established their presence as a leader in the Florida landscape industry.
