

Electric Grinder For Whole Coffee Beans And Spices Exceeds 2015 Sale Projections

December 30, 2015

December 30, 2015 - PRESSADVANTAGE -

Phoenix Treasures LLC, a business in Cape Coral, FL, is proud to announce that they are ahead of projected sales for the Phoenix Coffee Grinder for 2015. One of the reasons why this is believed to be the case is because the company has encouraged people to choose their grinder by adding a free cleaning brush. The grinder can be purchased through <http://www.amazon.com/dp/B0106JKUUO>.

"In reviewing the reasons for the increase we find that customers are able to recognize a quality coffee grinder with style and real value," says Robert King from Phoenix Treasures LLC. "Our Phoenix Coffee Grinder has proven to be the right choice. We are committed to continuing to deliver quality built and value driven products."

Phoenix Treasures LLC, as can be seen on the www.phoenixtreasuresllc.com website, has a true passion for coffee. They understand that the flavor and aroma has to be absolutely perfect in order for the drink to be truly enjoyable. The company's mission is to make sure people are able to enjoy barista style coffee from the comfort of their own home. They also feel that the best coffee is that made from freshly grounded beans, which is why their grinder, their flagship product, is so popular.

Since having been launched, the product has attracted nothing but positive reviews. "This is the best grinder that I've ever owned," says one happy customer. "I've owned several grinders over the years and when it came time to replace my old unit I found this gem. I couldn't be happier. It has a much larger capacity than any of my past products and is extremely quiet. I really like that it has no-slip rubber feet and built-in cord storage, too. Plus, its sleek black design looks great sitting on my counter."

The company has encouraged all customers to give their Facebook page a 'Like' on <https://www.facebook.com/Phoenix-Treasures-LLC-460358727476897>. This will give them an opportunity to find out more about the coffee grinder and to be kept up to date with any special offers, promotions or product launches. Additionally, it is a way to communicate directly with the company itself.
