December 28, 2015 - PRESSADVANTAGE -

Cancun MX, 21-DECEMBER-2015 ? Cancun Airport Transportation by Feraltar is celebrating more than 25 years of experienced service offering luxury Cancun airport transfers from the airport to hotels and back within the Cancun and Riviera Maya areas.

The Cancun Airport official ground transportation firm offers secure and comfortable transportation from the airport to an office, home or hotel in the Riviera Maya or in Cancun. The company maintains a large fleet of late model limousines, Suburbans and vans for dependable transportation, regardless of the flight arrival time. In addition to private ground transportation services, Feraltar offers personalized reception at the airport and accurate information about the destination of passengers. The company also can provide sightseeing excursions.

Feraltar customers also receive a number of benefits in equipment and services, including a free baby car seat, travel insurance and GPS tracking. Only uniformed and qualified drivers are used to work with

passengers. The drivers are prompt to help with luggage and transport passengers to the to their destination quickly and safely. Flight arrival times are monitored in order to be sure of prompt and accurate service.

The entire fleet of vehicles is owned and operated by Cancun Airport Transfer services, not subcontracted or sold to a third party, broker or intermediary. All information provided to the company is safe and secure.

Pricing for the service provided by Feraltar transportation is guaranteed to be the lowest available online. The company backs up their claim with a promise to match competitor prices for the same date and vehicle and to go even further by discounting the competitor's prices by an additional five percent.
