November 20, 2024 -
Alpha Therapeutics LLC, known for its doctor-formulated CBD products, has announced the expansion of its product line. The company aims to offer natural solutions for pain relief and anxiety with a variety of new options, including CBD oil, topicals, and sleep aids. As part of this expansion, Alpha Therapeutics is also introducing new bundle deals to help customers save money on their purchases.

Geoff Dada, Chief Executive Officer of Alpha Therapeutics, shared his thoughts on the company's growth: "We are excited to expand our product line and provide even more options for customers seeking natural solutions for pain and anxiety relief. Our new bundles not only offer convenience but also a cost-saving opportunity for our customers."

The company?s flagship offerings include two types of CBD oil: Extra Strength Oil and Regular Strength Oil. These oils aim to alleviate pain and anxiety. The Extra Strength Oil is priced at $125.00 and is designed to offer more powerful relief, while the Regular Strength Oil, available for $89.00, provides a balanced option for managing symptoms. Both products are formulated to help users effectively handle their health problems.

In addition to the oils, Alpha Therapeutics has introduced new topical products: the Healing Balm and Pain Stick, each costing $65.00. These topicals are specifically designed to target areas like joints and muscles for localized pain relief.

The company also offers Calm Sleep, a product aimed at improving sleep quality without causing grogginess. Available for $59.00, Calm Sleep promises to help users wake up feeling refreshed, addressing a common issue many face when looking for better sleep solutions.

To make its products more accessible, Alpha Therapeutics is offering bundle deals. Customers can now purchase combinations such as Extra Strength CBD & Healing Balm and Extra Strength CBD & Pain Stick. While the exact prices for these bundles are not listed on the website, they are designed to offer savings for those who buy multiple products together.

"Our bundles are designed to provide a more comprehensive approach to wellness," said Geoff Dada. "By offering combinations of our best-selling products, we aim to make it easier for our customers to address their health concerns in a cost-effective manner."

Alpha Therapeutics maintains high standards in its manufacturing process, with all products being made in Scottsdale, AZ. The company also offers customer support via email and has policies in place to protect and inform customers. These include privacy, refund, and shipping policies, as well as terms and conditions.

Committed to core values, Alpha Therapeutics offers free shipping and a 100% money-back guarantee on all products. This commitment aims to build and maintain customer trust and satisfaction, further solidifying the company's reputation in the CBD industry.
