

Vogue Holiday Homes Now Offers Gold Coast Australia Luxury Vacation Rentals To The International Market

January 06, 2016

January 06, 2016 - PRESSADVANTAGE -

Vogue Holiday Homes, a business in Queensland, Australia, which has been offering vacation rentals in Australia for several years, has recently expanded its market reach and is now targeting the international market. They offer luxurious waterfront properties on the Gold Coast of Australia, which are ideal destinations for those who want to enjoy a vacation.

"We have some of the most amazing properties available for your next vacation," says Brain Peak from Vogue Holiday Homes. "Furthermore, we are licensed real estate agents. All our funds are held in a Queensland real estate trust account, which is fully approved by the Queensland Office of Fair Trading. This means people can book with confidence, whether they live right here in Australia, or whether they are from further afield."

The Vogue holiday homes on the Gold Coast are true luxury and boutique-style properties. They are situated in some of the most exclusive and central locations and are perfect for any type of family size. The properties are designed to give people a true 'Gold Coast lifestyle' experience, which goes above and beyond what would be expected of a hotel or even a regular holiday home rental.

The company prides itself on the high standard of maintenance on each of the properties, but also on the service and advice they give to all their guests from the moment they first contact them until the day they leave and beyond. This is something that has been greatly appreciated by their many guests. "Thank you for such a fantastic time staying at the beautiful Kurrawa Cove," says Julie G. "The house was great, pool perfect and location excellent. Thanks for everything. Highly recommend your service to anyone."

Now that they have branched out to the international market, they encourage everyone to visit Vogue Holiday Homes YouTube channel. This channel provides further information about the company and what they stand for, but also provides an opportunity for people to take a look at some of the properties that are on offer. Furthermore, because they believe in providing people with a great experience, their channel and website also provide information on things to do while they are there.
