April 22, 2024 - PRESSADVANTAGE -

Residents of Wilmslow seeking a straighter, more confident smile now have a convenient and accessible option with The Croft Dental & Dental & Practice. The practice, renowned for its commitment to exceptional dental care and cutting-edge technology, is offering complimentary initial consultations to discuss Invisalign clear aligner treatment.

Invisalign is a revolutionary orthodontic treatment system that utilises a series of clear, removable aligners to gradually straighten teeth. In contrast to traditional braces, Invisalign aligners are virtually invisible, making them a popular choice for adults and teenagers who desire a more discreet approach to teeth straightening. Dr. Nikhil Oberai, co-owner of The Croft Dental & Dent

The complimentary initial consultation at The Croft Dental & Samp; Implant Practice provides a no-pressure environment for patients to learn more about Invisalign and discuss their candidacy for treatment. During the consultation, Dr. Oberai or Dr. Natasja Kashyap, co-owner, will conduct a comprehensive oral examination to assess the patient's teeth and gums, discuss the patient's individual smile goals and concerns, take digital scans or X-rays of the teeth to create a 3D treatment plan, explain the Invisalign treatment process in detail, including the expected timeline and cost, and answer any questions the patient may have about Invisalign. Dr. Kashyap emphasises that the initial consultation is a crucial first step in the Invisalign journey, as it allows them to determine if Invisalign is the right treatment option for the patient and to develop a personalised plan to achieve their desired results.
