

Cancun Airport Shuttle Launches Private Shuttle Transfer Service to Playa Del Carmen

December 30, 2015

December 30, 2015 - PRESSADVANTAGE -

Cancun Airport Shuttle announced today that it is launching a private shuttle transfer between Cancun International Airport (CUN) and Playa del Carmen and Tulum. The service is fast, safe, private and door-to-door. With the option of phone or online advance booking, Cancun Airport Shuttle is able to meet travelers at the airport with an identifying sign. For a flat rate fare of \$85, the traveler gets a private shuttle van that holds up to 8 passengers and luggage.

"We are the new, absolute best options for people visiting Playa del Carmen and Tulum," says the owner. "We're the best value and most convenient."

The pricing is per shuttle, so solo travelers get the fastest, safest and most convenient way to get to their destination. It is faster and more convenient than the ADO bus or shared ride vans. Cancun Airport Shuttle is less expensive than private taxis. For groups, it will be the least expensive options. Round trips are offered at a discount. The shuttle even provides water bottles.
