

Bristol Family Eyecare Celebrates 20 Year Anniversary

May 01, 2024

May 01, 2024 - PRESSADVANTAGE -

Bee Cave, TX, 4/29/2024 ? Bristol Family Eyecare has announced that they are launching a campaign to celebrate their 20th anniversary, in addition to hosting an anniversary party. While the celebration date has not yet been released, the multi-location practice has reached this milestone after being founded by Dr. Dan Bristol in 2004. The practice has since expanded, from their specializations to their staff, which has helped form a positive reputation for advanced eye care in the area. By marking two decades in business, Bristol Family Eyecare displays their longevity as an enriching destination for eye health as well as their commitment to exceptional care.

?It is deeply rewarding and thrilling to be able to mark our twenty-year anniversary with the team,? said Dr. Bristol, founder and owner of the practice. ?We started off much smaller than we are now. We had this 1500 square foot space, and now we have three locations that have truly been able to provide quality customer service to patients in and around Austin. I?m incredibly grateful for everything!?

Part of Bristol Family Eyecare?s success is due to a company culture that prioritizes community, something displayed with their recent total solar eclipse viewing party that also drove eye examinations and safety precautions during the once-in-a-lifetime event. The practice also utilizes advanced technology that helps maintain patient eye health to a more precise degree, something they have built up over the years going

beyond typical optometric services to include things like myopia management and glaucoma care. The expansion of services is also displayed by their collaboration with audiologist Dr. Bea Smith, helping support patients' sensory health aside from vision.

"We're all very excited," continued Dr. Bristol. "It's such an honor to be trusted with something as important and essential as eye health, and we've worked very hard to build that trust over the past two decades. I'm so passionate about helping the community in Austin, and I couldn't ask for a better show of appreciation than being able to have three locations that are constantly packed! Being able to enrich patients' lives through education and the treatment they need to thrive is so intrinsically rewarding, and this milestone is so gratifying."

Dr. Bristol has developed a reputation for his knowledge in Austin, lecturing as an adjunct at Austin Community College and through his work with the Prevent Blindness Texas program. Bristol Family Eyecare maintains a strong focus on continual education for practitioners to ensure that all are up to date with the latest in scientific literature as well as treatments in the industry, something made easier by the fact that Dr. Bristol is a member of the Ciba Vision Speakers Bureau and regularly lectures to his fellow colleagues on things like glaucoma management and dry eye syndrome treatment.

"We would not be here today without our wonderful team," added Dr. Bristol. "From greeting patients at the front door to curating an amazing selection of eyewear, I think we're very much a person-first practice and patients have truly responded to that. Our mission is to always ace it, which means providing astounding services with conscientiousness, enthusiasm, integrity, and teamwork."

Bristol Family Eyecare is open at all three locations and taking appointments for new and existing patients.

About Bristol Family Eyecare
