123 Bien Celebrates Five Years of Breaking Language Barriers in Learn English Mission

May 03, 2024

Sellersburg, Indiana - May 03, 2024 -

123 Bien, a notable online platform aimed at those wishing to learn English, is proudly commemorating its fifth year of delivering complimentary educational resources. This achievement epitomizes five years of the company's commitment to making English learning materials, which are both easy to use and accessible, available to over 200,000 users each year from different parts of the world. Specifically tailored for beginners, the platform covers a wide range of English grammar aspects, including verbs, adjectives, nouns, and more. The primary goal is to facilitate seamless English communication for individuals whose first language is not English.

From the beginning, 123 Bien has concentrated its efforts on eliminating language barriers and ensuring that the dream to learn English is within everyone's grasp, irrespective of their economic standing. The foundation of this commitment is deeply entrenched in the company's history, a fact Tony Kummer, the founder of 123 Bien, emphasizes. "This project started to help my friends in other countries who dreamt of coming to the USA, and then my own family expanded to include several English language learners. I realized the online resources were too complicated and costly, both for MB download or outright cost," Kummer stated. His vision spearheaded the establishment of a platform focusing on the availability of high-quality educational

content at no cost.

123 Bien's extensive learning tools are strategically curated to help learners improve their learn English vocabulary efficiently. Ranging from beginners to those aiming to polish their skills, the platform offers varied resources that cater to different learning speeds and preferences. The blend of practical exercises and theoretical knowledge provided ensures learners receive a comprehensive approach to mastering the language.

In addition to the in-house resources, 123 Bien connects learners with other external materials, fostering an environment conducive to comprehensive learning. This effort not only exposes learners to more materials but also helps in expanding their linguistic capabilities and cultural insights. Furthermore, to accommodate the needs of a diverse demographic, the platform offers lessons in multiple languages, including dedicated courses in Spanish and French. This multilingual approach underlines 123 Bien's commitment to inclusivity and its goal to touch a broader spectrum of learners.

On this notable anniversary, 123 Bien reaffirms its commitment to continuous improvement and expansion of its services. "We are profoundly grateful for the trust and support of our users over these five years. Their feedback and success stories fuel our ambition to innovate and expand our resources, making learning English an even more engaging and fruitful experience," Kummer reflected on the platform's journey and its future outlook.
