

Missouri Eye Consultants Welcome Dr. Maggie Cardonell to Their Nifong Location

May 03, 2024

Columbia, Missouri - May 03, 2024 - PRESSADVANTAGE -

Columbia, MO ? Missouri Eye Consultants has announced that they are welcoming Maggie Cardonell, M.D., to their office on Nifong Blvd. Located at 900 W Nifong Blvd, Suite 125, Columbia, MO 65203, Dr. Cardonell will bring her talents and compassion to the Missouri Eye Consultants team. A skilled ophthalmologist, she enjoys enhancing the quality of life for patients of all ages, and specializes in cataract surgery and eye misalignment disorders, with experience in comprehensive eye care as well as pediatric ophthalmology.

?We are so very excited to have Dr. Cardonell join our team at Missouri Eye Consultants,? said Dr. Chris DeRose, ?we?re always looking for experienced eye doctors that put the patient first, and have a specialized skill set to round out the existing team. After all, we?re only as good as the services we offer and how we treat patients, and Dr. Cardonell does both.?

Dr. Cardonell has extensive training, and her philanthropic mindset is evidence of how she treats patients. Originally from Kansas City, she received her undergraduate degree in biology from the University of Missouri and earned her Doctor of Medicine from the University of Kansas Medical Center. She went on to finish an ophthalmology residency at Geisinger Medical Center before receiving specialized training in pediatric ophthalmology and strabismus at Case Western Reserve University?s affiliated Rainbow Babies and Children?s Hospital in Cleveland, Ohio.

After receiving her education, Dr. Cardonell practiced pediatric ophthalmology at the University of Missouri as well as general ophthalmology and cataract surgery at Harry S. Truman Veterans Memorial Hospital here in Columbia for several years. In addition to her professional experience, she provided medical and surgical health care to communities on mission trips in multiple countries in Asia, Africa, Central and South America.

?We are extremely impressed with the expertise and patient-oriented mindset that Dr. Cardonell is bringing to our team,? said Dr. DeRose. ?She?s an eye doctor who is comfortable providing optical and eye health

services and has a track record of going the extra mile for all of her patients. It was apparent very early on in the interview process what type of ophthalmologist she would be in the exam room: she's a doctor who listens closely, asks the right questions, and explores creative, effective solutions.

Missouri Eye Consultants has become known throughout the state as an eye care practice that offers premium, full-scope eye care services. They are able to treat every member of the family, from very young children to geriatric patients, and offer unique treatments like myopia management and specialty lens fittings, including scleral lenses. Dr. Cardonell's wide skill set fits in nicely with their team - her expertise will round out the existing team nicely and significantly reduce the amount of time that patients wait to receive critical care they need.

Dr. Cardonell is currently accepting new patients. Anyone seeking high-quality, compassionate eye care should book an appointment with Missouri Eye Consultants should contact their team at (573) 874 - 2030.

About Missouri Eye Consultants

Missouri Eye Consultants is a locally owned optometry practice that has provided high-quality eye care for more than 60 years cheerfully and with a patient-first mentality. They proudly serve Missouri through seven locations strategically located across the state, and their eye doctors and optical staff have access to the finest, cutting-edge equipment to ensure that their examinations and treatments are of the highest quality. Between their top-notch medical care and their exciting, fashion-forward collection of eyewear, their practice is beloved by the communities they serve.
