Home Instead New Forest Expands Offerings with New Live-in Care Services for Enhanced In-Home Support

May 09, 2024

May 09, 2024 -
Home Instead New Forest, an established provider of specialized in-home care services, is proud to announce the expansion of its offerings to include comprehensive live-in care services. This enhancement to their care provisions serves residents in Lymington, Brockenhurst, Milford on Sea, Hordle, Boldre, and the adjoining New Forest areas. This service aims to support the elderly and those with specific care requirements, enabling them to maintain their independence while living comfortably in their own homes.

Offering 24/7 support, the live-in care services provided by Home Instead New Forest provide a valuable alternative to traditional residential care. This option allows individuals the opportunity to continue living in the familiar surroundings of their homes. The scope of this new service encompasses a broad array of assistance, from companionship, which is vital for maintaining social engagement, to practical support like shopping assistance, diabetes and mobility help, nutritious meal preparation, transportation for appointments, medication management, fall prevention, and general household tasks. By customizing the care to meet the individual needs of each client, Home Instead assures not just hands-on support but also companionship and a sense of security for clients and their families alike.

Home Instead New Forest has earned recognition for its quality care, evidenced by a ?Good? rating from the Care Quality Commission (CQC) and high reviews on homecare.co.uk. The introduction of live-in care services is in response to an increasing demand for compassionate and personalized care that enables people to stay in their homes, despite facing health challenges or the natural effects of aging. Since its establishment on 3 July 2019, Home Instead New Forest has garnered acclaim for its exceptional care, reflected in positive Google reviews.

Tim Oswald, speaking on behalf of Home Instead New Forest, provided insight into the significance of the new service: ?Introducing live-in care services is a natural extension of our mission to enhance the lives of those we serve. Recognizing that each individual has distinct needs, we deliver personalized, in-home care

that addresses the broad spectrum of community needs. Our team is equipped and prepared to offer compassionate, respectful care that significantly impacts our clients and their families? lives.?

The personalized care approach adopted by Home Instead focuses on understanding the unique story and requirements of each client, allowing for a care plan that not only addresses the physical aspects of care but also supports the emotional and social wellbeing of clients. This comprehensive approach to wellness ensures that clients receive holistic support.

Oswald added, ?Our focus extends beyond merely providing essential healthcare services. We aim to create meaningful relationships with our clients to improve their overall well-being and life quality through consistent, compassionate support. With our live-in care services, we provide peace of mind to families, knowing their loved ones are in good hands.?

The new live-in care services by Home Instead New Forest present an essential resource for those seeking reliable and superior in-home care.
