

# The Artist Tree Opens Laguna Woods First Recreational Cannabis Dispensary

*May 17, 2024*

May 17, 2024 - PRESSADVANTAGE -

Art Gallery that Sells Cannabis Launches 8th Retail Venue, First in Orange County

The Artist Tree is excited to announce they will open the first licensed cannabis dispensary in Laguna Woods, California that will enhance the cannabis culture and retail landscape in the area. This location will be the 8th retail venue in The Artist Tree chain and the first of their cannabis dispensaries to open in Orange County, California. Known for being an art gallery that just so happens to sell cannabis, The Artist Tree highlights the natural synergy between creativity and the plant, seamlessly combining rotating displays of local art with high-end retail shopping.

This new establishment is strategically situated to serve the dynamic senior community of Laguna Woods and the larger Orange County area, providing an exclusive venue for the appreciation of art and the exploration of high-quality cannabis products. The space is meticulously designed with custom art displays, an expansive floor plan, and elegant industrial touches, all complemented by state-of-the-art, museum-quality

glass showcases.

For artists interested in displaying their work, The Artist Tree is currently taking submissions for its inaugural exhibit with applications being accepted [here](#).

Mirroring the values of the Laguna Woods community, this will be the first of The Artist Tree dispensary locations to launch their vape/battery hardware recycling program integrated into daily operations. Not only will guests be able to enjoy purchasing cannabis in a space adorned with local artwork, but they will also be able to seamlessly reduce their carbon footprint as they do so.

The Artist Tree venues go above and beyond just selling cannabis in hopes of serving the surrounding community through events, education, and perhaps most importantly, by fostering creativity.

Created by founders Lauren Fontein, Aviv Halimi, Avi Kahan, and Mitchell Kahan, The Artist Tree retail locations include West Hollywood, Koreatown (Los Angeles), Beverly Hills, Oxnard, Riverside, Fresno and El Sobrante. They also operate one of the few public consumption lounges in the country, The Studio Lounge, in West Hollywood. "We're thrilled to bring The Artist Tree to the beautiful and creative community of Laguna Woods, and, in particular, to be able to serve the large local senior population," says founder Lauren Fontein. "We've been working closely with local organizations and residents to tailor our art exhibits, in-store offerings, and community benefits efforts to the city's residents."

The curated selection at The Artist Tree's Laguna Woods cannabis store features over 600 cannabis-related items. Patrons will find a diverse dispensary menu that includes everything from vape cartridges to topicals, edibles, CBD wellness products, artisanal strains, high-grade concentrates, and pre-rolls. The budtenders are well-versed and ready to guide both medical cannabis patients and recreational marijuana users to find products that align with their needs.

In addition to THC-rich options, customers will have access to medical marijuana products and an assortment of CBD options, catering to a variety of preferences and requirements. The cannabis store will also offer gummies, tinctures, and a variety of edibles for those seeking alternative consumption methods. An array of cannabis flower options, including both medical weed and recreational cannabis, will be available, showcasing the best in both potency and flavor.

Understanding the importance of customer experience, The Artist Tree's budtenders are not only knowledgeable about the products but are also trained to provide an educational and personalized shopping experience. The dispensary will feature secured custom display tables and interactive digital screens throughout the retail space, allowing guests to explore product details, learn about various brands, and even place orders at their leisure.

The Laguna Woods dispensary is scheduled for a soft opening in late May, with anticipation building for a grand opening celebration in early summer. This event will welcome the community to experience the unique combination of art and cannabis that The Artist Tree offers. Located at 24902 Moulton Parkway, Laguna Woods, CA 92637, the store will be open for business daily from 8:00 AM to 9:50 PM.

Following the opening, The Artist Tree plans to launch a comprehensive delivery service, extending the convenience of their dispensary to customers who prefer to shop for cannabis from the comfort of their homes. This service will facilitate online orders for both pickup and delivery via TheArtistTree.com, ensuring that even those unable to visit the physical location can enjoy the dispensary's offerings.

The Artist Tree's commitment to integrating the arts into the cannabis retail experience sets a new standard for dispensaries. As they prepare to open their doors in Laguna Woods, they invite the community to redefine their perceptions of cannabis and embrace the enriching experience they provide.

Customers can place online orders for pick up and delivery at TheArtistTree.com. To change how you perceive cannabis and learn more about The Artist Tree visit TheArtistTree.com and follow @TheArtistTree on Instagram.
