May 22, 2024 -
750ml Wines is excited to unveil its forthcoming Blind Wine Tasting Event, a distinctive and exclusive soiree devoted to the art and science of wine tasting, slated for Saturday, June 1, 2024, from 5:00 PM to 7:00 PM EDT. The event is hosted at 750ml Wines, and the Wines for the Tasting are curated by Ohio?s only Master Sommelier, Larry O?Brien, at the boutique wine bar located in Akron. This meticulously planned event is set to captivate both the seasoned wine connoisseur and the budding wine enthusiast. Participants will be given a one-of-a-kind chance to engage with wine at a fundamental level, discerning and appreciating its complexity and beauty without the bias introduced by labels or the wine?s renown.

The ethos of the Blind Tasting Event is centered on delivering an immersive, sensory exploration of wine, liberating participants from preconceived notions and allowing a more intimate connection with the wine?s intrinsic qualities. This exploration will traverse a diverse array of wine varietals and regions, offering a broadened perspective on the global wine landscape. The intention is to foster a deeper appreciation for wine by unveiling the subtle and striking distinctions between different wines, guiding attendees towards discovering new favorites and broadening their wine palate. This enriching experience is poised to elevate the wine tasting journey for all, regardless of their prior knowledge or experience.

Expressing his anticipation for the event, Brian Lamoda-Genet, General Manager of 750ml Wines, stated, "We are thrilled to offer our community an experience that demystifies the world of wine.
