

Former Philadelphia Flyer Chris Therien and Pennsylvania Recovery Center Celebrate Grand Opening with Ribbon Cutting and Open House

May 28, 2024

Schuylkill Township, Pennsylvania - May 28, 2024 -
DATE: June 13 at 11 a.m.

PLACE: Pennsylvania Recovery Center, 1026 Winter Street, Philadelphia, PA

Former Philadelphia Flyers defenseman Chris Therien and Pennsylvania Recovery Center celebrate the grand opening of its newest office with a ribbon cutting and open house. This special event will honor the Center?s commitment to providing high-quality addiction and mental health treatment services to the community.

Therien continues to be a staunch advocate for recovery and mental health support.

With drug overdose rates rising and approximately 2.9 million Pennsylvanians impacted by mental illness annually, the need for comprehensive, compassionate care has never been greater. Our new office in Center City Philadelphia aims to provide a welcoming space for individuals seeking recovery and their families.

Attendees will have the opportunity to tour the new office and meet the dedicated staff; learn about the wide range of addiction and mental health treatment services offered; connect with other members of the recovery community; and enjoy light refreshments. Chris Therien also is available for speaking engagements. He has spoken at the Capitol in Harrisburg, Employer Groups, Unions, Police Stations, Veteran Communities, Athletic Departments and more. Don't hesitate to reach out to schedule him at one's next event.

About Pennsylvania Recovery Center:

Pennsylvania Recovery Center is a premier addiction and mental health treatment center providing comprehensive care and support. They offer a range of programs, including partial hospitalization (PHP), intensive outpatient programs (IOP), interventionist?, and individual counseling, tailored to meet the individual needs of each client.

At Pennsylvania Recovery Center, they understand that addiction affects not just the individual but their entire family. This is why our approach to recovery emphasizes family involvement from the very start, ensuring that families and their loved ones receive comprehensive support throughout the detox and rehab process. Their team works closely with each family to understand their unique needs and challenges, helping to guide their loved one into the appropriate detox and rehabilitation programs.

Our commitment extends beyond initial treatment. They believe in the power of continuous care and support, which is why they offer extensive aftercare services to prevent relapse and promote long-term recovery. Aftercare is a crucial component of their treatment strategy, providing ongoing therapy sessions, support groups, and educational workshops that both individuals and their families can participate in. These programs are designed to strengthen the coping strategies learned in rehab and to support the family as a whole in creating a stable, supportive environment at home.

By involving families in the recovery process and providing continuous aftercare, Pennsylvania Recovery Center helps ensure that our clients and their families have the tools and support needed to navigate the challenges of recovery and move towards a healthier, substance-free future together. They understand and can help.

Interventionists play a crucial role in guiding reluctant individuals toward detox by facilitating structured conversations that reveal the impact of addiction on their lives and their loved ones. This professional approach helps break through denial, fostering a realization of the need for treatment and support. Their team will handle it all.
