

Positive Eye Ons Welcome Dr. Cloris Castro to Their Practice in West Hollywood

May 29, 2024

West Hollywood, California - May 29, 2024 -
West Hollywood, CA ? Positive Eye Ons has announced that they have added Cloris Castro, O.D., to their team of eye doctors. At 940 Fairfax Ave, West Hollywood, CA 90046, Dr. Castro will bring her skills and compassion to the Positive Eye Ons team. A skilled optometrist, she enjoys supporting patients of all ages, and she specializes in comprehensive eye care, dry eye, pre-and post-operative care, ocular disease management, and eyeglass and contact lens fittings.

?We?re thrilled to have Dr. Castro join our team at Positive Eye Ons,? said owner and head optometrist Dr. Ryan Stybel. ?We took our time to find the perfect fit for our team, and we chose Dr. Castro for two reasons: her expertise and her drive to always put the patient first.? Our eye care is only as good as the services we offer and how we treat patients ? and Dr. Castro is an eye doctor that makes us better at both.?

Born and raised in Culver City, California, Dr. Castro received her bachelor?s degree in biology from the University of California before graduating Summa Cum Laude with her master?s in public health from

Southern New Hampshire University. She then earned her Doctor of Optometry from Kentucky College of Optometry in Pikeville, Kentucky, where she graduated Magna Cum Laude. While in her final year of optometry school, she completed several rotations in treating and managing ocular disease.

?We feel so fortunate to have the talent and compassion Dr. Castro is bringing to the team,? said Dr. Stybel. ?She is a doctor who can offer both optical and eye health services and has proven repeatedly that she?s willing to go the extra mile for her patients. From our first interview, it was apparent what kind of eye doctor she?ll be ? one who puts patients first.?

Positive Eye Ons has earned a reputation in West Hollywood for being an eye care practice that personalizes its care for its patients. They tailor their eye exams for their patients based on need ? children get special pediatric eye exams that test for conditions common for their age, like myopia or strabismus ? and they have a vast range of frames, sunglasses, and other eyewear to suit every fashion preference and lifestyle.

Dr. Castro?s broad skill set and compassionate approach make her a perfect fit for the Positive Eye Ons team. She enjoys learning about her patients, including facts about their personal lives and family. To her, quality healthcare is all about connecting with the people behind the chart.

?I am thrilled to join the team at Positive Eye Ons because to them, us doctors are not just another ID tag, and the patients aren?t just another chart,? said Dr. Castro, O.D. ?The entire team encourages positive, one-on-one relationships with our patients. This is perfect because I have always felt the patient came first. I?m lucky to work with the best in tech and experience.?

Dr. Castro is currently accepting new patients. Anyone in the West Hollywood area seeking compassionate and thorough eye care should book an appointment with Positive Eye Ons by calling (323) 991-7403.

About Positive Eye Ons

Positive Eye Ons is a locally owned optometry practice that offers patient-oriented, full-scope eye care to its patients in the Melrose, West Hollywood, and nearby neighborhoods. Their care is personable and tech-driven: their expert optometry team uses state-of-the-art equipment to ensure everything from the accuracy of a patient?s vision prescription to how eyewear complements their fashion sense. Positive Eye Ons puts the patient first through the cutting-edge technology they offer and the extra time they invest in each appointment to ensure that every need is met. Their goal is not simply to meet expectations but to go beyond them.
