

Kettlebells Adjustable To Dumbbells Barbell And Push-Up Stand Launched By Strongway Gym Supplies To Provide An Exciting 6-In-1 Home Gym System

June 06, 2024

Coventry, UK - June 06, 2024 -

Strongway Gym Supplies, a leading supplier of high-quality fitness equipment, today announced the launch of its innovative Strongway Adjustable 6-in-1 Kettlebell Dumbbell Barbell Push-Up Set. Available in 20kg, 30kg, and 40kg sets, this first-of-its-kind product combines six different pieces of exercise equipment into one compact, adjustable unit, allowing users to get a full-body workout with minimal equipment and space required. This versatile equipment offers a comprehensive solution for fitness enthusiasts looking to elevate their workout routines at home, outdoors, or on the go.

To view the versatile adjustable equipment that combines kettlebell, dumbbell, barbell and push-up stand into one space-saving unit, visit: https://strongway.link/adjustable-kettlebells.

Enthusiasts of this innovative equipment set have the option of another model which can be viewed here: https://strongway.link/adjustable-kettlebell-set.

The Strongway 6-in-1 set functions as an adjustable kettlebell, dumbbell, straight barbell, curl barbell, and push-up stand, making it ideal for performing a wide variety of strength training exercises targeting all major muscle groups. By simply reconfiguring the weight plates and connector rods, users can seamlessly switch between different equipment setups for diverse workout routines.

"We're thrilled to introduce this revolutionary new product that solves the common problems of limited space and budget for home gyms," said Mandip Walia, co-director of Strongway Gym Supplies. "With the 6-in-1 set, you get the functionality of six different workout tools in one compact, affordable package. It's the ultimate space and money-saving solution for equipped home training."

The set is available in 20kg, 30kg, and 40kg weight options, with each configuration including the weight plates, connector pieces, push-up handles, and storage trays needed to utilise all equipment modes. An additional ab wheel roller and pair of gym gloves are included with the 30kg and 40kg versions as part of a special promotional offer.

All components in the set are constructed with durable, high-quality materials built to withstand frequent, intense usage. The weight plates are covered in rubber to protect floors and minimise noise, while the ergonomic, non-slip handle grips provide a secure, comfortable grip during exercises.

For fitness enthusiasts seeking to have an adjustable weight bench added to the collection will be glad to find another offer from Strongway on this webpage: https://strongway.link/kettlebell-adjustable-weight-bench.

The adjustable weight bench that comes with the collection has a thick foam padding that cushions the body. It has six levels of different adjustments for full body workout at home. And the folding design of the weight bench makes stowing away easy.

"Staying fit at home shouldn't require a large, dedicated home gym space or thousands spent on separate pieces of bulky equipment," said Randeep Walia, co-director of Strongway Gym Supplies. "With our 6-in-1 set's innovative, adjustable design, users can get a comprehensive strength and muscle toning workout using just one compact unit that stores easily in even the smallest of home spaces when not in use."

The Strongway Adjustable 6-in-1 Dumbbell Barbell Kettlebell Push-Up Set is available now on the Strongway Gym Supplies at the links provided above in this article. As Strongway runs promotions from time to time, interested health and fitness fans are recommended to visit the company?s website and sign-up to receive updates on fitness products and promotions.
