Professional Family Eyecare Welcomes Dr. Clara Wagner to Their Greenville Office

June 07, 2024

June 07, 2024 -
Greenville, OH ? Professional Family Eyecare has announced that they have added Clara Wagner, O.D., to their optometry practice in Greenville. Located at 5164 Childrens Home Bradford Rd, Greenville, OH 45331, Dr. Wagner will bring her talents and compassion to the Professional Family Eyecare team. A knowledgeable optometrist, she enjoys improving the quality of life for patients of all ages, and specializes in primary eye care, pediatric care, contact lenses, and ocular disease treatment.

?We are thrilled to have Dr. Wagner join our team at Professional Family Eyecare,? said owner Dr. Jillyn Bruner, ?she?s highly qualified and brings a lot to the table, which means our patients get the best, highest quality care. What we?re extra excited about is her mindset: Dr. Wagner shares our view that personal connections are extremely important. She gives the same quality of care to each of her patients that she would give to a member of her own family.?

Dr. Wagner earned her Bachelor of Science in Biology in 2018 from Wright State University and went on to receive her Doctor of Optometry from the University of Pikeville College of Optometry. After graduation, she gained valuable work experience in contact lens fittings and ocular disease treatment, further expanding her skillset. She has lived in towns and cities across Ohio, and she?s excited to settle down in Greeneville to focus on solidifying her roots and forming lasting relationships with patients.

?The people in Greeneville are so incredibly friendly and I feel lucky to be a part of this community,? said Dr. Clara Wagner. ?The team here truly sees each patient as an individual, and you can see it in how they structure the patient experience. The entire staff greets everyone like old friends from the minute they walk in the door. Eye exam results are simply and clearly explained. Patients get lots of time with their eye doctor. It?s great working in such a positive environment.?

Professional Family Eyecare is a well-loved mainstay of the communities it serves, which includes Coldwater,

St Marys, Englewood, and Greenville. Their team takes full-scope care for patients of all ages; whether a patient needs medical treatment for an eye condition or an updated prescription with new glasses, they make sure people have everything eye-related they need in one spot.

?Dr. Wagner?s depth of experience and wide range of specialties fits our one-stop-shop model for eye care,? said Dr. Bruner. ?She?s able to offer support for the entire staff, which meant she was able to hit the ground running right away. We?re thrilled with her compassionate, patient-first attitude. In short, she?s already an important part of our family.?

Professional Family Eyecare is currently accepting new patients. People seeking an appointment with Dr. Wagner should call their Greenville office at (937) 548 - 7811.

About Professional Family Eyecare

Professional Family Eyecare is a locally owned and family-operated optometry practice with four locations that have provided full-scope, high-quality eye care to patients in western Ohio and eastern Indiana for over 65 years. A friendly team of compassionate eye care experts with deep roots in the community, they know what folks want and need, both in eyewear and eye health, and they also know how to make exams and eyewear shopping enjoyable. They walk their patients through the results of their eye exams ? driven by cutting-edge equipment like Optomap ? so they can better understand their patient's eyes and make informed, proactive decisions about their patient's ocular health.
