

Female Plastic Surgeon and Boston Native, Dr. Alannah Phelan, Joins Boston Plastic Surgery

June 17, 2024

QUINCY, MA - June 17, 2024 -
Boston, MA?Board-certified plastic surgeon Fouad Samaha, MD, lead surgeon at Boston Plastic Surgery, announces the addition of plastic surgeon Alannah Phelan, MD, to the practice. Dr. Phelan specializes in surgical procedures for the face, breast, and body, as well as advanced non-surgical rejuvenation treatments, and will be accepting new patients beginning in July 2024. Her arrival marks a significant enhancement to Boston Plastic Surgery, which has proudly served patients in Boston and the surrounding areas for over two decades.

?We were very meticulous in selecting a new surgeon to join our team,? says Dr. Samaha. ?For many years, our patients have entrusted us to provide stellar care. It was immediately apparent that Dr. Phelan?s surgical acumen, combined with her heart-felt approach to patient care, would be the perfect fit for our practice and what our loyal patients deserve.?

Dr. Alannah Phelan?s patient philosophy and procedures offered

Dr. Phelan believes that the bond between a surgeon and their patient is foundational in achieving optimal results. She empowers her patients to become the best versions of themselves by supporting their confidence through personalized care and tailored treatment plans.

?I work closely with each of my patients to fully understand what they love about their bodies and what areas they want to improve,? says Dr. Alannah Phelan. ?It?s an honor to connect with someone who trusts you with their concerns and goals and to design a treatment plan that meets those needs.?

As a mother, Dr. Phelan has experienced the changes motherhood brings and enjoys tailoring Boston mommy makeovers to help women feel more confident in their postpartum bodies. Her other areas of expertise include facial rejuvenation procedures such as facelift, neck lift, rhinoplasty, and eyelid surgery, breast enhancements including breast augmentation, breast lift, and breast reduction, body contouring techniques including tummy tuck, liposuction, and body lift. Dr. Phelan also performs non-surgical treatments such as Botox® and dermal fillers.

Her education and experience

Dr. Phelan is a Boston native and brings a wealth of experience as well as a unique female perspective to the surgery practice. After receiving her undergraduate degree from Dartmouth College in Biology, with a minor in Biomedical Ethics, Dr. Phelan focused her efforts on conducting clinical research at New York-Presbyterian Weill Cornell Medical College. She is a devoted advocate for women?s health and has focused much of her research on improving maternal health outcomes and expanding research opportunities for women in medicine.

Dr. Phelan graduated medical school from the Pennsylvania State College of Medicine, where she was inducted into the Alpha Omega Alpha medical honor society. Following her passion for the aesthetic side of the medical field, Dr. Phelan completed a rigorous six-year residency in Plastic and Reconstructive Surgery at the University of Massachusetts, where she was also named chief resident. She then completed a prestigious fellowship in Aesthetic Plastic Surgery at the Manhattan Eye, Ear, and Throat Hospital (MEETH), which is recognized as the oldest and one of the most esteemed aesthetic surgery fellowships in the country to further hone her practice.

Patients are invited to meet with Dr. Phelan to explore their aesthetic goals and discuss how her expertise can help achieve the natural-looking rejuvenation and enhancements they seek. Dr. Samaha and his team of aesthetic specialists are proud to serve patients alongside a surgeon of Dr. Phelan?s caliber and together they will continue the practice?s tradition of providing exemplary care and achieving exceptional results.

Boston Plastic Surgery is ideally situated in Crown Colony Park on Boston?s South Shore in Quincy, MA. This central location offers straightforward access via Route 3 and I-93, along with other major highways for easy access for residents of Boston, Brookline, Dover, Milton, Hingham, Cohasset, Scituate, and Norwell.

For our out-of-town patients, Boston Plastic Surgery is just a short drive from Logan International Airport, with the Boston Marriott Quincy and other nearby hotels providing comfortable and convenient accommodation options for your stay.

To schedule a consultation with female plastic surgeon Dr. Alannah Phelan, or for more information about your Boston Plastic Surgery options, including a range of injectable and non-surgical medical spa treatments, please contact Boston Plastic Surgery at 617-786-7600 or visit our website at www.bostonplastic.com.
