

## **Ethos Aesthetics and Wellness Expands Morristown Botox Treatments to Meet Growing Patient Demand**

*June 20, 2024*

June 20, 2024 - PRESSADVANTAGE -

Ethos Aesthetics and Wellness, a top medical spa in Morristown, New Jersey, is excited to announce the expansion of its Botox treatment options to meet the growing demand from patients. Led by Dr. Hardik Soni and Dr. Monika Soni, the spa offers a variety of aesthetic and wellness services designed to refresh your appearance and boost overall well-being.

Ethos Aesthetics and Wellness provides several injectable treatments, such as Botox by Ethos Aesthetics and Wellness and dermal fillers. These services are aimed at minimizing wrinkles and fine lines for a more youthful look. Each treatment plan is tailored to fit the unique needs and desires of each client. This personalized approach helps clients achieve their aesthetic goals.

Dr. Hardik Soni, the medical director, shared, "We are committed to providing the most advanced and effective treatments. By enhancing our Botox services, we hope to deliver even better results for those wanting to maintain a youthful appearance."

Along with Botox, the spa also offers laser hair removal using cutting-edge technology. This procedure targets hair follicles to prevent future growth and works for all skin types. Clients can customize their treatments to meet their specific needs and preferences.

Ethos Aesthetics and Wellness also offers microneedling and PDO Thread Lifts. Microneedling uses small needles to create controlled micro-injuries in the skin, boosting collagen and elastin production. PDO Thread Lifts provide a non-surgical facelift option using absorbable sutures to lift and firm sagging skin. Both treatments promote natural collagen production, resulting in a fresher, more youthful appearance.

The spa also offers Radiesse, a dermal filler used to smooth moderate to severe facial wrinkles and folds. This treatment can also correct volume loss in the hands, giving them a more youthful look.

For those looking to manage their weight, the spa provides Semaglutide, a medication that helps control appetite, slows stomach emptying, and increases insulin secretion. As part of a comprehensive weight loss program, this drug helps clients reach their weight goals.

Dr. Monika Soni said, "Our aim is to offer a wide range of treatments that address the varied needs of our clients. With services like Botox by Ethos Aesthetics and Wellness and Semaglutide, we tackle both aesthetic and wellness concerns, helping our clients look and feel their best."

Skin rejuvenation treatments are another key offering at Ethos Aesthetics and Wellness. These include chemical peels and PRP facials, which improve the overall appearance of the skin, reduce signs of aging, and address specific skin issues. By offering these treatments, Ethos Aesthetics and Wellness helps clients achieve healthier, more vibrant skin.

Beyond aesthetic treatments, the spa also offers wellness services such as customized nutrition and fitness plans, vitamin IV therapy, bioidentical hormone replacement therapy, and medical weight loss support. This holistic approach mixes aesthetic treatments with proactive medical care and lifestyle coaching, promoting total-body wellness.

Located conveniently in Morristown, New Jersey, Ethos Aesthetics and Wellness is dedicated to delivering high-quality care in a luxurious setting. The spa's skilled medical team ensures that each treatment is performed with the utmost precision and care.

For those searching for Botox near me, Ethos Aesthetics and Wellness offers comprehensive and personalized treatments. Clients can expect top-notch care with a focus on achieving natural-looking results.

To explore the wide array of services available, visit the Ethos Aesthetics and Wellness website. More information about Botox treatments and other services can be found at Ethos Aesthetics and Wellness' Morristown location.

This dedication to quality and personalized care makes Ethos Aesthetics and Wellness a trusted choice for those seeking aesthetic and wellness treatments in New Jersey. With an emphasis on advanced technologies and proven techniques, the spa continues to lead in the field of medical aesthetics.
