

## **Z Med Clinic and Med Spa Introduces Compounded Semaglutide by Z Med Clinic and Spa in Spring, TX**

*June 24, 2024*

June 24, 2024 - PRESSADVANTAGE -

Dr. Anne Marie Ponce de Leon, a leading healthcare provider at Z Med Clinic and Med Spa, announced the launch of a new compounded semaglutide by Z Med Clinic and Med Spa service. This new service aims to provide patients in Spring, Texas, with an effective, tailored approach to weight management. Compounded semaglutide in Spring, Texas treatments will be available to those seeking a personalized weight loss solution.

At Z Med Clinic and Med Spa in Spring, Texas, patients will benefit from a comprehensive program. This program includes not only semaglutide injections but also lifestyle and nutritional guidance. The clinic's goal is to address both physical and emotional aspects of weight loss, ensuring overall health and wellness.

Dr. Anne Marie Ponce de Leon said, "We have developed this service to meet the increasing demand for effective weight management solutions. Compounded semaglutide has proven to be a valuable tool for helping patients achieve their weight loss goals when combined with personalized care plans.?"

Z Med Clinic and Med Spa is dedicated to using state-of-the-art techniques and personalized treatments tailored to the needs of its patients. The compounded semaglutide by Z Med Clinic and Med Spa service integrates seamlessly into their existing treatments. These include medical weight loss programs, hormone replacement therapy, and various IV therapies.

Medical weight loss at Z Med Clinic and Med Spa includes semaglutide injections, Phentermine, B12 injections, and individualized exercise and nutritional plans. The aim is not only to support weight loss but also to encourage healthier lifestyle habits in patients. This approach ensures long-term success and overall wellness.

Beyond weight loss, the clinic also focuses on hormone replacement therapy to address health concerns like menopause symptoms, decreased libido, and chronic fatigue. Combined with their new compounded semaglutide by Z Med Clinic and Med Spa, patients now have access to a full spectrum of hormonal and metabolic health treatments.

Additionally, Z Med Clinic and Med Spa offers a variety of IV therapy services meant to improve overall health and well-being. These treatments include Ozone IV, Chelation IV, Nutritional IV, Myer's Cocktail, Vitamin C IV, Beauty Drip, Hangover IV, Migraine IV, Skinny Drip, and IV Glutathione Drip.

Dr. Anne Marie Ponce de Leon highlighted the clinic's holistic approach: "Our goal is to provide a one-stop venue where patients can get a variety of treatments tailored to their specific needs. Whether it's weight loss, hormonal imbalances, or wellness therapies, we are here to support our patients every step of the way."

Moreover, Z Med Clinic and Med Spa in Spring, Texas, offers more than just weight management and hormonal therapies. The clinic provides various med spa services like neurotoxin injectables (Botox, Dysport, Xeomin, Daxxify), dermal fillers (Juvederm, Restylane, Belotero, Radiesse, Versa, RHA, Sculptra, Bellafill), and laser treatments. These services help improve physical appearance and boost self-confidence.

Patients visiting Z Med Clinic and Med Spa for the compounded semaglutide Texas treatment also have access to the Immigration Medical Exam service. This ensures that the clinic caters to a wide array of medical needs, furthering their mission to be a comprehensive health and wellness center.

In summary, the introduction of compounded semaglutide by Z Med Clinic and Med Spa marks a significant enhancement of their services. Patients in Spring, Texas, now have access to a tailored, comprehensive weight management program that includes advanced medical treatments and personalized care plans.

Dr. Anne Marie Ponce de Leon concluded, "Our dedication to patient-centered care remains unwavering. We

believe that our new service will greatly benefit those struggling with weight management, and we are excited to offer this innovative solution.?
