

Colorado Springs Medical Spa Offers Demo Treatments and Exclusive Discounts at Summer Slim-Down Event

June 17, 2024

June 17, 2024 -

Colorado Springs, CO?Board-certified physicians Dr. Kenya Lee and Dr. Marvin Lee are thrilled to announce the upcoming ?Summer Slim-Down Hoedown? event at their top-rated Colorado Springs medspa, PureLee Redefined, so medspa patients can experience the latest technology to help them tone up and slim down. This exciting wellness event will take place on Saturday, June 22nd from 11am to 1pm, and feature the demo bus from BTL, the makers of elite body sculpting and rejuvenation devices, where ticket holders can try a treatment and enjoy food, fun, and exclusive promotions.

?Now that summer is here, many are looking for safe and effective ways to enhance their figures and refresh their appearance,? says Dr. Kenya Lee. ?That?s why we?ve partnered with BTL to bring their state-of-the-art tour bus directly to our community so our guests can see and feel the transformative effects of these superb new treatment methodologies.?

Event attendees can participate in live treatment demos of BTL?s top body contouring, skin rejuvenation, and

wellness devices: Emface®, Exion?, Emsculpt Neo?, and Emsella®.

Emface uses synchronized radiofrequency (RF) and High-Intensity Facial Electrical Stimulation (HIFES) technology to comfortably lift, firm, and contour the facial muscles with zero downtime. This device is an ideal option as a double chin treatment and it can also reduce wrinkles and mild sagging with no needles or incisions for a non-surgical facelift effect.

Exion combines RF energy with microneedling to stimulate collagen production, improve skin texture, and reduce the appearance of scars, fine lines, discoloration, large pores, and other surface imperfections for a total skin refresh.

Emsculpt Neo uses a combination of High-Intensity Focused Electromagnetic (HIFEM) and RF technologies to simultaneously build muscle and reduce fat to visibly firm and tone nearly any body area, such as the abdomen, flanks (love handles), buttocks, inner and outer thighs, front and back thigh areas, biceps, triceps, and calves.

Emsella delivers gentle electromagnetic energy to strengthen the pelvic floor muscles to improve issues such as urinary incontinence and enhance overall pelvic health. Emsella also offers intimate wellness benefits for men.

Tickets are $25 and grant full access to the Summer Slim-Down Hoedown event and a demo treatment of one's choice inside the BTL private tour bus. Ticket holders can also save big on treatment packages with special event-day-only pricing. With limited treatment slots available, those interested in trying these treatments are encouraged to register early before all slots are filled. Purchase your tickets and book your demo treatment here.

?We understand the importance of looking and feeling your best and these non-surgical options can help both men and women achieve their aesthetic and personal goals without the cost and recovery of surgical procedures,? says Dr. Marvin Lee. ?Events like these allow our patients and those interested in finding a medspa in Colorado Springs to learn more about these procedures from industry experts and try a treatment before making the investment.?

Those attending the event will also enjoy music, food and drinks, and exclusive BTL merchandise. Each event ticket includes 2 free raffle tickets for attendees to win prizes such as ZO® & Alastin® product baskets filled with medical-grade skincare, a Deluxe HydraFacial or Vi Peel (valued at $275), an Emsella package of 6 treatments (valued at $1,500), an Exion RF microneedling package of 4 treatments (valued at $2,400), or the Grand Prize: an Emsculpt Neo package of 4 treatments (valued at $3,400). Additional raffle tickets can be purchased at $10 each, or in bundles for greater savings.

Those interested in learning more about the treatments showcased in the Summer Slim-Down Hoedown event are invited to visit the PureLee Redefined website for an in-depth review of each procedure and to explore their comprehensive menu of products and services. For those who have any questions about the event, please contact the medspa at (719) 452-8541.
