

Fishing in UAE Launches New Fishing Boats in Dubai and Abu Dhabi

January 06, 2016

January 06, 2016 - PRESSADVANTAGE -

The team at Fishing in UAE is pleased to announce that they have launched brand new charter fishing boats. Now, Fishing in UAE offers a new fishing boat in Dubai and another in Abu Dhabi. Now, Fishing in UAE is the only fishing charter company in the UAE to offer boats in 3 Emirates.

Fishing in UAE is a premier fishing charter operation offering motor yachts in Dubai, Abu Dhabi, and Ras Al Khaimah. Fishing trips are offered on a private basis, offering groups a touch of luxury and precious time out on the open water. Within the cost of the trips, two seamen for complete support, all fishing equipment, bait, soft drinks, water, towels, and sea sickness tablets are provided.

Guests can choose a 4 hour private deep sea fishing trip for 1800 AED, or \$495, and the cost of each additional hour is 250AED, or \$70.

Currently, Fishing in UAE offers 4 nearly identical fishing boats. Each of the boats are 33 feet long motor yachts with outboard engines, and each of the boats offer a cabin and washroom.

The Fishing in UAE team says that people most commonly catch barracuda, king fish, trevally, cobia, and blue fin tuna while trolling, and those that are bottom fishing can expect to catch emperor bream, goat fish/red mullet, grouper, jas, and mackarel.

Fishing in UAE is proud to offer new fishing boats in Dubai and Abu Dhabi, further expanding their abilities to offer deep sea fishing to tourists and residents of the UAE. Fishing trips are available all year long, and those interested are encouraged to contact the Fishing in UAE staff. The staff will offer scheduling assistance, as well as a list of items that should be brought along for the excursion.
