

Go Industries Launches Big Tex Heavy Duty Truck Grill Guards for Ultimate Vehicle Protection

July 26, 2024

Richardson, TX - July 26, 2024 - PRESSADVANTAGE -

Go Industries Inc. has launched its new Big Tex heavy duty truck grill guards. These grille guards are designed to offer strong protection and an improved look for full-sized Chevrolet, GMC, Dodge, and Ford trucks and SUVs. This product continues the company's long history of making reliable and sturdy accessories for trucks, law enforcement, and custom manufacturing since 1978.

The Big Tex Grille Guard is crafted from a single piece of 14-gauge steel tubing, measuring almost 2 inches in diameter. This design makes it bigger and stronger than standard 1.25-inch guards. Built for durability, these grille guards can handle both highway and off-road driving. The heavy-duty rubber pads give extra protection, and optional headlight guards allow for added safety.

Installing the grille guard is made easy with a frame-mounted design that requires no drilling. Go Industries ensured the product fits around tow hooks or has options for tow hook openings, making it a versatile addition to any truck or SUV. Finished in a rugged matte black powder coat, the Big Tex Grille Guard not only offers

strong protection but also improves the vehicle's look.

The CEO of Go Industries, said, "The launch of the Big Tex heavy duty truck grill guards shows our commitment to providing reliable, high-quality products that meet our customers' needs. This grille guard combines durability with a striking design, setting a new standard in front-end protection."

The grille guard comes with a three-year warranty on workmanship, materials, and finish, excluding welds. All components are made in the USA, ensuring customers get a high-quality product. The price ranges from \$628.57 to \$867.37, making it a good investment for truck and SUV owners wanting to upgrade their vehicles with top-notch front-end protection.

Go Industries has been serving a range of sectors with its products for many years. Their products include truck accessories, specialized equipment for law enforcement vehicles, and custom manufacturing services. Each product and service is designed to meet or even surpass customer expectations in quality and durability.

A Product Manager at Go Industries, added, "We have always focused on the safety and satisfaction of our customers. The Big Tex Grille Guard proves our dedication to delivering top-quality products that offer both protection and style. We are thrilled to see how this product will improve the driving experience for our customers."

Apart from the new grille guard, Go Industries offers a wide range of truck accessories, such as grille guards, winch application systems, bumper replacements, air flow tailgates, headache racks, mud flaps, and steps. Their law enforcement product line includes specific accessories for Chevrolet, Dodge, and Ford vehicles, along with skid plates for additional underbody protection. Custom manufacturing services are available, allowing customers to get solutions tailored to their specific needs.

Go Industries supports their customer base by providing resources like product instructions, a detailed product catalog, warranty information, and instructional videos. The company also offers wire and cable handling solutions under the Longhorn Reels brand. Recognizing their high level of service and product quality, Go Industries holds a Platinum Status with SEMA.

Customers interested in the new Big Tex Grille Guard or any other products can find more information and request a quote on the Go Industries website at goindustries.com. The company accepts several forms of payment, including cryptocurrencies, making transactions easy for all customers.
