January 15, 2016 -

Arnesen Webb, P.A., based in Boca Raton, FL, is happy to announce that they have completed their office move. The firm can now be found at 900 N Federal Hwy, Suite 280, Boca Raton, FL 33432. The Arnesen Webb insurance lawyers want to point out that they will be better able to serve their clients from this new location.

Jay Arnesen of Arnesen Webb, P.A., says: "Moving to a new office is always difficult and causes a lot of stress, but we have finally finished it and we love our new location. We have far more space and more up to date technology so we are also much better able to serve our clients. We invite everyone to come in and pay us a visit to view our new location and to see what we can do for them."

The company focuses strongly on property damage insurance claims, which are highly complex cases. They look at certain cases, such as unpaid, delayed or underpaid claims, ensuring their clients are able to get the legal representation they need in order to properly navigate the complex world of insurance legal jargon. Some of the services they offer include Examination Under Oath and sworn Proof of Loss. Their new office offers the advantage of being more spacious that helps in dealing with these types of cases, which often have

high levels of paperwork and other types of evidence included.

The new office and the services offered by the insurance lawyers have been very positively reviewed. "Jay's experience as a former police officer and public defender, coupled with his educational background and courtroom experience were the combination that won the day in my case," says one client. "In addition to those skills, Jay always returned my calls and answered all of my questions no matter how many times I asked him the same thing. My gratitude to Jay Arnesen for his hard work can't be explained in words. I was given another chance to make good."

The company encourages everyone who has a property damage claim to make to contact them online using the http://insurancelawyers.org/contact/ link. Alternatively, people are welcome to visit them directly in their new office.
