

Award-Winning Xtreme Exteriors Named Top Composite Deck Builders in Kansas City

July 15, 2024

NIXA, MO - July 15, 2024 - PRESSADVANTAGE -

Xtreme Exteriors received the silver award for Best Deck & Patio Installer by Kansas City Favorites on July 15, 2024. This award, given annually by The Kansas City Star, honors local businesses, people, and places that have won the admiration of the community. The winners were chosen based on votes from residents and readers, with the results published in Kansas City Favorites magazine and on their website.

This recognition shows Xtreme Exteriors' dedication to quality, innovation, and customer happiness in deck and patio installation. The evaluation process looked at customer reviews, industry reputation, and overall excellence, highlighting the company's commitment to providing high-quality services.

Xtreme Exteriors is a family-owned business led by Summer Lampe. It has been part of the community for over 20 years, offering quality exterior contractor services throughout the Midwest. The company has locations in Nixa, MO; Shawnee, KS; Rogers, AR; Pittsburg, KS; and Goodlettsville, TN.

“Our team is honored to receive this award. It is a testament to the hard work and dedication of our staff,” said owner Summer Lampe. “We strive every day to provide our customers with the best possible experience and high-quality materials in all our projects.”

Xtreme Exteriors stands out for its superior craftsmanship, especially in using high-grade materials and sticking to strict construction standards. The company specializes in composite decking because of its durability and natural wood look. They partner with top manufacturers like *TimberTech* and *Fiberon* to ensure their decks meet and exceed building codes. For example, they place joists every 12 inches instead of the standard 16 inches and use horizontal blocking every 4 feet between floor joists for extra stability. As one of the leading composite deck builders in the region, they aim to surpass customer expectations. More details can be found on their website.

Stephen Spallo, a representative for the company, noted, “Winning this award motivates us to continue pushing the boundaries of what’s possible in deck and patio installations. Our focus on quality and customer satisfaction remains our top priority.”

This award is significant for Xtreme Exteriors and their customers because it reassures current and future clients of their ongoing commitment to improving home exteriors. With years of experience in siding, roofing, and other services, they have the creative vision and technical skills to transform any home.

Xtreme Exteriors prides itself on fair pricing, avoiding high-pressure sales tactics, and offering flexible financing options. This helps customers achieve their dream homes without added stress. They are fully licensed and insured and maintain showrooms at each of their locations, allowing clients to view materials and discuss projects in person. As a leading deck builder in Kansas City, quality and customer service are their main focus.

Each project has a dedicated project manager to ensure smooth operation from planning to final inspection. The company emphasizes that they do not accept final payment until the customer is completely satisfied with the work.

Besides deck and patio installations, Xtreme Exteriors offers other services like siding, roofing, windows, exterior painting, and storm damage repair. They are recognized as one of the largest James Hardie siding installers in the country and provide commercial property maintenance services.

The company is committed to evolving and improving its services to meet its clients' growing demands, including innovative siding visualizers and other tools to help homeowners visualize their projects. Customers can look forward to more updates and innovations from Xtreme Exteriors as they continue enhancing home exteriors across the Midwest.
