One of the many satisfied patients, Victoria D, shared her positive experience in an online review, writing, "Our sober living house is awesome! We have outings, like a comedy show, pool time, we recently went to

the movies to celebrate one of our house mates' birthday! The staff is really great, this is my first and last (fingers crossed) time in rehab, and the ladies that run our house are the best! They are very attentive and caring, if you don't know how to do something (ironing for example), they will teach you. Julie and Damaris are very kind and easy to talk to! The house is warm and welcoming! I just can't say enough about how amazing these ladies are!"

Victoria's feedback highlights the supportive and nurturing environment provided by WhiteSands' sober living homes. These residences offer a structured yet comfortable setting where people can focus on their recovery while enjoying a sense of community. Activities such as outings and group events help foster camaraderie and provide positive experiences that reinforce sober living.

Another satisfied patient, Sean C, praised the facility's Intensive Outpatient Program (IOP), writing, "The IOP program here is amazing, would highly recommend it to anyone continuing on in their recovery journey. Lyma is an awesome therapist, in the group setting and in one-on-one sessions. Amy is a really helpful case manager and will answer any questions you may have and point you in the right direction of resources to help you."

Sean's review emphasizes the importance of individualized care and the availability of supportive resources. The IOP at WhiteSands gives patients the flexibility to continue their recovery journey while balancing other life responsibilities. Dedicated therapists and case managers provide ongoing support, ensuring that patients have access to the necessary tools and resources for successful recovery.
