

Shepherd Automotive Celebrates 20 Years as Leading Auto Repair Shop in Oklahoma City

July 16, 2024

July 16, 2024 - PRESSADVANTAGE -

Shepherd Automotive, an auto repair shop based in Oklahoma City, is celebrating an impressive 20 years of service to the community. Over the past two decades, the shop has grown a solid reputation due to its comprehensive range of services, from routine maintenance to specialized repairs. The staff includes ASE-certified technicians, widely known for their expertise and reliability.

At Shepherd Automotive, you can find services like check engine light diagnostics, car AC repair, Subaru repair, transmission repair, brake repair, oil changes, steering and suspension system repairs, and tire rotations and wheel alignments. The shop also handles regular maintenance and hybrid repairs for a variety of makes and models.

Using advanced diagnostic tools, Shepherd Automotive can quickly and accurately identify and fix issues when a check engine light turns on at Check Engine Light Diagnostic. "We have invested significantly in top-of-the-line diagnostic equipment to provide accurate and timely results for our customers," said Guy Shepherd, CEO of Shepherd Automotive.

One of the shop's standout features is its specialized service in check engine light diagnosis, and the team at Shepherd Automotive is well-equipped to diagnose systems effectively. Additionally, their car AC repair services range from simple refrigerant recharges to complex parts replacements like the compressor, which you can explore further at [Car AC Repair](#).

For those who own a Subaru, Shepherd Automotive offers Subaru-specialized repair services that go beyond routine maintenance to handle major repairs with an emphasis on quality and customer satisfaction.

Transmission repair, detailed at [Transmission Repair](#), can often be complex and expensive, but Shepherd Automotive handles it efficiently, offering fluid changes, clutch repairs, and complete transmission rebuilds.

"We understand that transmission issues can be complex and costly, but our experienced team is skilled at diagnosing and fixing these problems efficiently," added Guy Shepherd.

Brake repair is another essential service offered at Shepherd Automotive. The shop performs tasks like replacing brake pads, resurfacing rotors, and bleeding brake lines to ensure one's vehicle's braking system is reliable and safe, as detailed at [Brake Repair Service](#).

Regular oil changes are crucial for vehicle longevity. Shepherd Automotive provides thorough oil change services, including oil and filter replacements and inspections of key components. Their steering and suspension repairs cover everything from replacing worn-out struts to fixing power steering problems, more of which can be found at [Oil Change Service and Steering & Suspension System Repair](#).

For better tire longevity and vehicle handling, the shop provides tire rotation and wheel alignment services, adding them to their broad list of auto repair options to ensure safety and performance, as outlined at [Tire Rotation and Wheel Alignment Services](#).

Shepherd Automotive makes things convenient for its customers by offering a courtesy shuttle service, using top-quality parts, and backing their work with a nationwide warranty. The shop is also known for clear communication, keeping customers informed about their vehicle's needs and repair status.

Celebrating 20 years of service shows Shepherd Automotive's commitment to high-quality automotive repair and customer satisfaction. By constantly adapting to the latest automotive technologies and techniques, the shop aims to serve the Oklahoma City community for many more years.

"Celebrating 20 years in business is a significant milestone for us. We are grateful to our customers for their trust and loyalty. We look forward to continuing to provide top-notch service and expertise to our community," said Guy Shepherd.

For more information on their broad array of services or to schedule a service, customers can visit the Shepherd Automotive website or their Facebook page for the latest updates.
