

Key Waste LLC Expands Dumpster Rental Services in Mocksville, NC

July 29, 2024

July 29, 2024 -

Key Waste LLC, a waste management company based in Rowan County, North Carolina, has expanded its services to better serve the residents and businesses of Mocksville, NC. Known for its commitment to customer service and sustainability, the company offers a variety of dumpster rental options to meet diverse needs.

Key Waste LLC provides several sizes of roll-off dumpsters, ranging from 10-yard to 40-yard capacities. Homeowners, business owners, and contractors can choose a suitable option for their specific project requirements. The 10-yard dumpster is perfect for small home renovation projects, while the 40-yard dumpster is suitable for larger tasks like estate clean-outs or major construction projects.

Ben Key, CEO of Key Waste LLC, emphasized the company's dedication to providing reliable services without hidden fees. "Our goal has always been to offer transparent, upfront pricing," he noted. "Whether you need a small dumpster for a home project or an extra-large bin for a significant cleanup, we make sure our

customers know exactly what to expect."

Each dumpster rental from Key Waste LLC includes up to seven days of use. For those who need more time, the company offers an extension option for a nominal fee. For example, an additional day costs \$5, and extra weight is charged at \$62 per ton. This clear pricing ensures customers can manage their waste disposal without surprise costs.

The 15-yard roll-off dumpster is a popular choice for demolition site cleanup. It holds up to six pickup truck loads and includes two tons of waste in the rental price. The 20-yard dumpster is often used for landscaping projects, offering the capacity to hold up to eight pickup truck loads and three tons of waste.

Key Waste LLC also offers a 30-yard dumpster suitable for roof replacement projects. It can hold up to twelve pickup truck loads and includes four tons of waste. The company ensures that all dumpsters are well-sized to fit different types of projects, making the cleanup process convenient and efficient.

The company's service area is extensive, covering multiple communities in North Carolina, including Salisbury, East Spencer, Faith, Spencer, Granite Quarry, China Grove, Woodleaf, Landis, Cooleemee, Cleveland, Rockwell, Mount Ulla, Kannapolis, Linwood, Mocksville, Gold Hill, Concord, Mooresville, Lexington, Richfield, Davidson, Troutman, Statesville, and Cornelius. For those needing services outside these locations, special arrangements can be made.

Besides dumpster rentals, Key Waste LLC provides additional services such as demolition and general cleanup. These offerings make it easier for customers to manage large projects without coordinating multiple service providers. Although specific details about these services are not given, the company prides itself on handling various job scopes professionally and efficiently.

"Our community partners appreciate our reliability and customer-centered approach," commented Ben Key. "We believe in offering more than just service; we strive to support our communities by providing accessible waste management solutions."

For residents and businesses in Mocksville, NC, securing a dumpster rental Key Waste has never been easier. Key Waste LLC's user-friendly online booking system allows customers to schedule their dumpsters conveniently. The website provides detailed information on available options and pricing, ensuring customers can select the best size and rental period to meet their needs.

The expansion into Mocksville represents Key Waste LLC's mission to provide affordable and reliable waste management services to a broader audience. By enhancing their service capabilities and maintaining their commitment to transparency and customer satisfaction, the company continues to build strong relationships

within the communities it serves.
