

Rocking H Dumpsters Expands Dumpster Rental Services to Bryan and College Station, TX

September 09, 2024

September 09, 2024 - PRESSADVANTAGE -

Rocking H Dumpsters has announced they are expanding their services to the Bryan and College Station areas in Texas. The Texas-based roll-off dumpster rental company sees a growing demand for waste removal in these cities and wants to meet that need. This expansion reflects the company's dedication to offering reliable and flexible dumpster rental options for various waste management needs.

Rocking H Dumpsters offers several dumpster sizes, including 10-yard, 20-yard, and 30-yard roll-off dumpsters. These different sizes are perfect for any project, whether it's a small cleanup or a big construction site. Customers can rent these dumpsters for 10 days, with the option to extend the rental period for a small additional fee.

"Our move into Bryan and College Station is strategic. We want to better serve the growing communities in these areas," said Clint Hebert, CEO of Rocking H Dumpsters. "We've noticed an increasing need for dependable waste removal solutions, and we're excited to bring our services to a broader audience."

This expansion also focuses on providing excellent customer service. Rocking H Dumpsters offers special rates for contractors, military personnel, and loyal customers. They aim to make dumpster rental as easy and convenient as possible, recognizing the different needs of their customers.

Besides dumpster rentals, Rocking H Dumpsters offers comprehensive waste removal services. These include garbage removal, mattress disposal, foreclosure clean-outs, construction waste removal, yard waste removal, appliance removal, and e-waste disposal. They also handle specialized jobs, like hot tub disposal, television disposal, and furniture removal.

The company is careful about what items can be placed in their dumpsters. They accept old appliances, general trash, yard waste, furniture, and e-waste but do not allow rocks, gravel, stone, concrete, asbestos, dirt, sand, asphalt, or brick.

"Our goal is to provide a hassle-free waste removal solution," Hebert said. "By offering various dumpster sizes and flexible rental terms, we cater to both residential and commercial customers who need efficient and dependable services."

Now, their service areas prominently include Bryan and College Station. Customers in these new locations can expect the same high quality and reliable service that has made Rocking H Dumpsters a trusted name in Franklin and nearby areas. This expansion shows the company is ready to handle more complex, larger projects, serving both individual homeowners and larger commercial clients.

"Expanding into Bryan and College Station, TX is a significant milestone for us, and we are eager to establish strong relationships within these communities," added Hebert.

Rocking H Dumpsters is also active on social media platforms like Facebook, YouTube, Yelp, Instagram, and Pinterest. This online presence allows customers to get updates, interact with the company, and provide feedback on services. The company's social media activity helps maintain its reputation and reach a broader audience.

With this expansion, Rocking H Dumpsters aims to become a key player in the waste removal and dumpster rental industry in Bryan and College Station. The company remains committed to providing high-quality service and strives to meet the waste management needs of its new customer base efficiently.
