Rehab Near Me Launches Mental Health Crisis Hotline to Tackle Mental Health and Addiction

July 22, 2024

Los Angeles, California - July 22, 2024 -
Rehab Near Me, a top resource for addiction treatment placement, has just announced it is launching a Mental Health Crisis Hotline. This new service is part of a bigger plan to offer more immediate help for people dealing with both mental health crises and addiction issues.

The Mental Health Crisis Hotline will provide quick support to those in serious mental health distress. Staffed by trained professionals, the hotline will offer immediate help, emotional support, and guidance to other mental health services. This move shows Rehab Near Me's dedication to helping those with both addiction and mental health challenges.

James Thomas, the CEO of Rehab Near Me, emphasized how important this new service is. "Starting our Mental Health Crisis Hotline is a big step in giving well-rounded support to those in need. Mental health crises can make addiction problems worse, and quick access to professional help can really make a difference," Thomas said.

Along with the new hotline, Rehab Near Me is also adding more teletherapy and online mental health

treatments. These new options make it easier for people to get mental health care, especially if they can't attend sessions in person. Teletherapy allows people to connect with licensed therapists through video calls, offering a convenient alternative to traditional therapy.

Rehab Near Me is also putting more focus on online therapy. Adding services from online therapists has been really important, especially during the pandemic when in-person care was harder to get. These online sessions cover various mental health issues like depression, anxiety, relationship problems, and trauma. Users can talk to therapists via email, messaging apps, or live video chats.

"Our aim is to make mental health support as easy to get and as thorough as possible," Thomas said. "By offering teletherapy and online mental health treatment, we are making sure people can get the help they need, no matter their situation or where they are."

For those needing more intense support, Rehab Near Me has various inpatient and outpatient programs. These programs deal with both substance abuse and mental health issues at the same time, offering a dual-diagnosis approach for people with co-occurring disorders. The treatment plans are personalized to meet each person's unique needs and recovery goals.

Rehab Near Me continues to help those seeking support for addiction and mental health through various services, including insurance guidance and specialized rehab programs. They offer different types of treatment, from equine therapy to Christian drug rehab to luxury rehab options, ensuring they meet diverse needs.

More details, including their extended 30-day rehab programs and specific alcohol detox services, can be found on the Rehab Near Me website.

Rehab Near Me also improved its online presence, offering comprehensive resources on mental health and substance abuse. Their website includes guides on different therapies, mental health hotlines, and tips for finding the right online therapist. For more information, visit their online therapist resource page.

These recent expansions highlight Rehab Near Me's strong commitment to helping with both addiction and mental health. By adding crisis response, teletherapy, and a variety of rehab options, they aim to provide thorough and adaptable care. The new Mental Health Crisis Hotline is a key part of their service lineup, showing their dedication to offering accessible and complete mental health and addiction treatment.
