

Access Interiors Ltd Expands Office Refurbishment Services to Peterborough

July 29, 2024

Cambridge, CB - July 29, 2024 - PRESSADVANTAGE -

Access Interiors Ltd, a commercial project management company based in Cambridge and Ely, UK, has just expanded its office refurbishment services to businesses in Peterborough. The company, which was established in 1994, focuses on office design, fit-out services, and various other offerings to make workspaces more efficient and modern. This expansion is part of the company's mission to provide comprehensive solutions across multiple industry sectors such as advanced engineering, agri-tech, food and drink, digital and creative, energy and environment, and financial services.

Martin Dawson, the CEO of Access Interiors, noted, "Expanding our services to Peterborough is a significant milestone for us. Our team is committed to delivering tailored office refurbishment solutions that meet the unique needs of each client. We believe that our combination of experience and dedicated service will add value to businesses in the Peterborough area."

Access Interiors provides a range of services to help businesses make the most out of their office spaces. Their office refurbishment services focus on updating and modernizing workspaces, handling projects that range from minor alterations to large-scale commercial ventures. They carefully plan each project and work

closely with clients to make sure they meet all performance and budget requirements. Services include office space planning, designing layouts that enhance workflow and communication, and considering future growth.

They also handle office dilapidations, which involves returning properties to their original condition at the end of a lease. This includes repairs and renovations to meet lease requirements. Additionally, they manage office relocations, making business moves to new locations as smooth as possible. This includes everything from planning and packing to transportation and setup.

Office movement management is another key service, where Access Interiors oversees the move of employees and equipment within offices to reduce disruptions and keep operations running smoothly. Their commercial interiors project management services ensure that projects are completed on time and within budget by coordinating with contractors, suppliers, and other involved parties.

Access Interiors also provides a variety of office interior solutions like suspended ceilings, office furniture, partition systems, commercial flooring installations, mezzanine floors, electrical installations, and air conditioning systems. They have access to a vast range of modern products that can meet any performance and budget requirements.

Their mezzanine floors offer additional space solutions in buildings such as warehouses, factories, and offices without requiring major renovations. Both industrial and office mezzanine floors are available, adding functional space without significant construction work.

Raul Hernandez, Head of Projects at Access Interiors, commented, "Our expansion into the Peterborough area is a natural extension of our commitment to providing high-quality office refurbishment solutions. The feedback from our clients has been overwhelmingly positive, and we are ready to bring the same level of expertise and quality service to the businesses in Peterborough."

Access Interiors showcases its projects and shares insights through design articles and featured design projects on their website. They pride themselves on a high percentage of repeat clients, reflecting their dedication to quality service and craftsmanship. To assist clients and potential customers in Peterborough, Access Interiors has made an in-depth video outlining their services. This video gives a detailed overview and highlights key aspects of their office refurbishment capabilities.

The video for Access Interiors - Office Refurbishment Peterborough is available on YouTube and provides more information about the company's services in a visual format. Though the video has had some technical issues recently, it continues to be a valuable resource for businesses wanting to learn more about what Access Interiors can offer.

For more details about their services, potential clients can visit their website or contact the company directly. Access Interiors looks forward to forming new relationships and improving workspace environments across Peterborough.

This expansion shows Access Interiors' ability to meet the rising demand for office refurbishment and related services in new areas. By offering tailored solutions with a focus on client collaboration and detailed project management, Access Interiors continues to establish itself as a reliable commercial project management company in the UK. More information about their services can be found on their official website.
