Tampa, FL business Celebrity Dummies is proud to announce they have added a new celebrity doll to their line. Achmed, Jeff Dunham's 'The Dead Terrorist' ventriloquist's dummy, is a complete new model. Unlike its predecessors, it is a deluxe model featuring fully articulated controls of the eyes, and the mouth with an internal control stick just like expensive professional ventriloquist dolls. The doll is already proving to be very popular.

Rob Kaplan of Celebrity Dummies says: "Jeff Dunham, who is known as the most popular comedian in the United States according to Time Magazine, was named in the Forbes Celebrity 100 list of most powerful entertainers for three years running. He is the creator of Achmed The Dead Terrorist. Goldberger Toys, our doll manufacturer, has created a replica, almost to scale, of Jeff Dunham's incredibly famous dummy Achmed. We're happy to see that it is already proving to be so popular."

In Dunham's story, Achmed The Dead Terrorist doesn't realize he accidentally blew himself up and banters with his audience as if he were alive. His trademark expression "I Keel You" can easily be performed by whoever operates the doll. At 30" tall, Achmed's body is a shell with a skeleton decal. His mouth is fully articulated with a toggle switch in the back of his body. His head moves side to side and up and down. The shell in the back of his body allows the user to put a hand in to easily operate him.

Achmed is packaged in a clear, vinyl Ventriloquist's Dummy Carry and Storage bag. An instruction booklet, "How To Talk To Yourself - Lessons in Ventriloquism", is enclosed with each Achmed dummy.

Achmed currently has close to a billion views on YouTube.

"I'm so happy to see that Celebrity Dummies now stocks Achmed," says Carl P. "He is perhaps the most famous ventriloquist's dummy in the world. I think it is good to be able to poke fun at current affairs, giving people some light relief of such a serious topic and Achmed does it so well. My Achmed is already proving to be a huge hit in my shows."
