

Go Industries Unveils Big Tex Heavy Duty Grille Guards for Ultimate Truck Protection

July 23, 2024

Richardson, TX - July 23, 2024 - PRESSADVANTAGE -

Go Industries Inc., a well-known provider of truck accessories, law enforcement equipment, and custom manufacturing services, has just introduced a new product: the Big Tex heavy duty grille guards. This grille guard is known for its strong design and outstanding protection. It is notable in the market because of its large size and high-quality construction.

The Big Tex Grille Guard is made from a single piece of 14 gauge steel tubing, which is just under two inches in diameter. This makes it much more substantial than standard 1.25-inch guards. Because of this, it offers better protection against road debris and off-road brush for full-sized Chevrolet, GMC, Dodge, and Ford trucks and SUVs. The grille guard also has heavy outside welds and a unique framework that prevents it from bending, flexing, or vibrating during use.

A representative of Go Industries, said, "The Big Tex Grille Guard sets a new standard in front-end protection for trucks and SUVs. Its durable construction and comprehensive design ensure it remains sturdy and

reliable, even in the most challenging conditions. This product truly shows our commitment to quality and safety."

One of the user-friendly features of the Big Tex Grille Guard is that it is easy to install. It has a frame-mounted, no-drill installation process, which means you don't need professional help to install it. It also comes with heavy-duty rubber pads and optional headlight guards for extra customization and protection. It supports keeping existing tow hooks or offers provisions for tow hook openings, which is useful for many users.

"We've designed the Big Tex Grille Guard with the user in mind," the representative added. "The ease of installation and customization options make it a versatile choice for truck and SUV owners looking for both style and protection. Our goal was to create a product that not only looks good but performs exceptionally well under various conditions."

Go Industries has been in business since 1978 and is based in Richardson, Texas. They offer a wide range of products, not only truck accessories but also specialized law enforcement equipment and custom manufacturing solutions. Their truck accessories range includes items like Rancher Grille Guards, Mud Flaps, and headache racks to improve the functionality and protection of trucks.

For law enforcement, Go Industries offers specific vehicle accessories for Chevrolet, Dodge, and Ford models, as well as skid plates to protect the underside of vehicles during off-road driving or in tough conditions.

Beyond their broad product lineup, Go Industries is known for its custom manufacturing services, tailoring products to meet specific customer needs. Customers can get a quote directly from the Go Industries website for products designed and made according to their unique specifications.

The Big Tex heavy duty grille guards are available for viewing on the Go Industries website. These grille guards are made in the USA and have a rugged matte black powder coat finish. They come with a three-year warranty that covers workmanship, materials, and finish but does not include welds.

In addition to these services, Go Industries provides a range of resources for customers, including product instructions, posts, a product catalog, warranty information, and videos. They also have a Platinum Status with SEMA, indicating their high level of service and product quality.

The introduction of the Big Tex heavy duty grille guards showcases Go Industries' ongoing dedication to offering high-quality, durable truck accessories. With a long-standing reputation for excellence and innovation, the company continues to meet the changing needs of its wide range of customers.
