

Auto Glass Stars Expands Mobile Windshield Replacement Service in San Tan Valley for Ultimate Convenience

July 31, 2024

SAN TAN VALLEY, AZ - July 31, 2024 -
Auto Glass Stars has expanded its auto glass repair service in San Tan Valley, Arizona. As an auto glass shop specializing in windshield repair, auto glass services, and window tinting, this expansion highlights the company's dedication to customer convenience through increased mobile service. Technicians now travel to customers for on-site service, making it easier for people to get their windshields replaced without leaving home or work.

John Schmidt, CEO of Auto Glass Stars, is excited about the expansion. "We are delighted to broaden our windshield replacement services," Schmidt said. "Our goal is to make it as convenient as possible for our customers while ensuring top-notch safety and quality." This expansion showcases the company's commitment to providing quick and safe auto glass solutions.

The windshield replacement service uses high-quality windshields that either match or exceed OEM

standards. This ensures the safety of vehicle occupants during accidents and meets all safety regulations. Emphasizing safety and quality has always been a core part of Auto Glass Stars' mission.

Besides using top-notch materials, the company also offers fast and efficient service. The mobile service allows customers to have their windshields replaced at home or work, reducing downtime and making things easier for busy schedules. This convenience is part of the company's effort to meet customer needs and minimize disruptions. Visit their website to learn more about their mobile windshield replacement services.

Customers in the San Tan Valley area have given positive feedback on the Auto Glass Stars windshield replacement service. For instance, one customer, Allstar Paul, left a five-star review praising the company's quick response and excellent service, even though he had to reschedule his appointment. This kind of feedback highlights the company's dedication to customer satisfaction.

Auto Glass Stars provides more than just windshield replacement services. They also offer windshield repair for cracks, chips, and other damages. Quick repairs are recommended to prevent further damage and ensure road safety. If a repair isn't possible, the company is ready to install a new windshield with the same quality and efficiency standards.

Their window tinting service uses high-quality ceramic film that blocks infrared heat, which is crucial for comfort in Arizona. This film helps protect a vehicle's interior from the sun's harmful rays and comes with a lifetime warranty. These additional services show that Auto Glass Stars is committed to comprehensive auto glass care to meet various client needs. Customers interested in window tinting can find more details online.

The company's services go beyond windshields to include door windows, moonroofs, rear windows, and window regulators. They aim to provide a complete auto glass solution with expertise, speed, and convenience for every service. Like their windshield replacement service, these additional repairs and installations adhere to high-quality and safety standards.

John Schmidt added, "This expansion represents our dedication to continually improving and offering more value to our customers. We appreciate their trust and positive feedback, and we remain committed to ensuring their vehicles are safe and in excellent condition." For those who require various auto glass services, information is available on their website.

Auto Glass Stars invites potential customers to try their newly expanded windshield replacement service. More details about the mobile windshield replacement service can be found on their website. Interested parties can also contact them via social media or by calling (480) 601-6700 or emailing info@autoglassstars.com.

Located at 1287 Matthews Dr, San Tan Valley, AZ 85143, Auto Glass Stars serves as the hub for its operations, from where technicians travel to customer sites. Placing a high value on customer convenience, safety, and satisfaction, Auto Glass Stars continues to establish itself as a leader in the local auto glass industry.

For anyone in need of Auto Glass Stars windshield replacement or other auto glass services, Auto Glass Stars remains a reliable and trustworthy option. The company's commitment to high standards and excellent customer service makes it a top choice for auto glass needs.
