Cool Blew Inc. Introduces Expert Solar Panel Installers in Peoria

August 05, 2024

Peoria, AZ - August 05, 2024 -
Cool Blew Inc., a family-owned HVAC repair company, has expanded its services to include solar panel installation for residents in Peoria, Arizona. This addition fits well with their wide range of existing services, like air conditioning, heating, plumbing, and home energy savings. The new service aims to offer sustainable energy solutions and help homeowners lower their carbon footprint and energy costs.

"Adding solar panel installation to our list of services is a natural progression for us," said Scott Proctor, Operations Manager at Cool Blew Inc. "Our goal has always been to offer comprehensive solutions that meet the diverse needs of our clients. With the increasing demand for renewable energy, solar panels provide a viable and environmentally friendly option for many homeowners."

The company, which has been operating since 1986, has built a reputation for high-quality service and customer satisfaction. Cool Blew Inc. is an authorized dealer for some of the most reputable brands in the HVAC industry, ensuring clients receive top-notch products and services. Introducing solar services aligns with their mission to offer energy-efficient solutions that help customers save on utility bills.

Cool Blew's solar panel installation service is designed to help homeowners lock in energy costs for years to come. By generating electricity from solar panels, families can achieve significant savings on their monthly utility bills. Additionally, solar panels can boost home value, making them a smart investment for those looking to increase the worth of their property.

"Homeowners today are more mindful of their environmental impact and are actively seeking ways to reduce their carbon footprint," Proctor added. "Our solar division provides a comprehensive service that includes consultation, installation, and maintenance, ensuring our clients get the most out of their solar investments."

The company's solar services also include solar attic fans, solar PV, and solar thermal services. These options give homeowners a range of choices to suit their specific needs and preferences. The solar division at Cool Blew Inc. also offers financing options, making it easier for clients to afford their switch to renewable energy.

In addition to their solar services, Cool Blew Inc. continues to offer their well-known HVAC services. These include residential and commercial air conditioning repair and installation, heating repair, and plumbing services such as water heater maintenance and sewer cleaning. The comprehensive service plans offered by Cool Blew Inc. are designed to extend the life of HVAC units and help clients avoid costly repairs down the line.

Cool Blew Inc. also provides home energy-saving services such as insulation, KVAR, and duct sealing. These services can complement solar panel installation by further reducing energy consumption and maximizing the efficiency of a home's energy system.

Known for its experienced technicians, Cool Blew Inc. upholds high standards in all its services. Their technicians are factory-trained and follow strict quality guidelines to ensure every installation and repair meets the company's benchmarks for excellence.

"Customer satisfaction is at the heart of what we do," said Proctor. "Our team is committed to providing reliable, high-quality services that our clients can depend on. With the addition of our solar panel installation service, we are excited to offer even more value to the communities we serve."

Cool Blew Inc. serves multiple areas, including Peoria, Surprise, Phoenix, Glendale, Sun City, Sun City West, Scottsdale, Mesa, Gilbert, Tempe, and Chandler. The company also offers emergency services, ensuring that clients can get the help they need, no matter the time or day.

The addition of solar panel installers in Peoria to their service offerings underscores Cool Blew Inc.'s commitment to staying at the forefront of innovative energy solutions. By integrating solar power into their

services, they continue to provide well-rounded, up-to-date solutions that cater to the evolving needs of their clients.

Homeowners in Peoria and the surrounding areas interested in solar energy solutions can now turn to a trusted local provider. Cool Blew Inc.'s solar panel installation service promises to deliver the same level of quality and reliability that customers have come to expect over the years.
