Caliber West Renovations, a home renovation services company that is based in Port Coquitlam, BC, Canada, has announced that they have acquired a closet design and building firm. By acquiring Budget Closets, they are now able to significantly expand their services. Budget Closets designs and constructs closet and storage solutions. Through this acquisition, Caliber West will begin to offer closet renovations, further adding to their portfolio of renovation services.

Budget Closets is known in Vancouver for its specialization in designing and building closets. Caliber West, meanwhile, has offered several renovation and construction services in their portfolio.
