

## **Brinton Vision Celebrates Prestigious Honor as Missouri's Best Laser Eye Center 2024**

*August 08, 2024*

ST. LOUIS, MO - August 08, 2024 - PRESSADVANTAGE -

Brinton Vision, a leader in ophthalmology and advanced vision correction, is proud to announce its latest accolade as Missouri's Best Laser Eye Center for 2024. Awarded by the esteemed Missouri's Best awards, this recognition celebrates Brinton Vision's commitment to excellence and its pioneering achievements in the field of laser eye surgery.

The clinic, under the visionary leadership of Dr. Jason P. Brinton, an internationally acclaimed ophthalmologist, has distinguished itself by advancing the standards of eye care with a comprehensive range of innovative vision correction procedures. These include LASIK (laser in situ keratomileusis), EVO ICL (implantable collamer lens), SMILE (Small Incision Lenticule Extraction), Kamra Inlay, PRK (photorefractive keratectomy), Custom Lens Replacement (CLR, also called Refractive Lens Exchange or RLE), and the groundbreaking Light Adjustable Lens (LAL). Each technique is meticulously tailored to meet the specific needs of patients, exemplifying the clinic's dedication to personalized treatment plans that go beyond conventional approaches.

Dr. Brinton's philosophy of patient-centric care is the cornerstone of the clinic's operation. This approach is

characterized by an individualized treatment planning process that takes into account the lifestyle, vision goals, and long-term needs of each patient. From detailed consultations to comprehensive pre-operative evaluations, Brinton Vision ensures that each treatment plan is as unique as the patients themselves.

The clinic's commitment extends beyond clinical excellence to include a robust emphasis on education and patient safety. The entire team at Brinton Vision is deeply invested in maintaining the highest standards of care, which is fundamental to building trust and confidence among patients. Many of whom regard Brinton Vision as their choice for life-altering vision correction procedures.

The significance of this award is profound, serving as a testament to the hard work and dedication of Dr. Brinton and his team. It not only recognizes their past achievements but also sets a benchmark for future expectations in innovative eye care. The choice of Brinton Vision for this honor was influenced by votes from patients across Missouri, reflecting the impactful enhancements the clinic has made in the lives of individuals through superior vision care.

In addition to the Missouri's Best Laser Eye Center award, Brinton Vision has also received awards from St. Louis Post-Dispatch Headliners' Best Eye Care Facility and Creve Coeur Business Awards' Most Innovative Business Award. The center's influence is also recognized through its contributions to community education about eye health and participation in speaking engagements, such as those hosted by news networks including Fox2Now St. Louis. The clinic's efforts to educate the public on eye health underscore its commitment to community well-being beyond the clinical setting.

As Brinton Vision looks to the future, it remains dedicated to leading the charge in innovative vision correction. With plans to further expand its technological capabilities and services, the clinic is poised to continue its tradition of excellence. The team is also committed to advancing research and development in ophthalmology, participating in scientific studies and clinical trials that promise to redefine the standards of eye care.

This prestigious award from Missouri's Best is a reflection of Brinton Vision's ongoing commitment to excellence, innovation, and patient care. As the clinic moves forward, it continues to set new industry standards, ensuring that each patient receives the best possible care and an enhanced quality of life.
