

## Go Industries Inc. Unveils Expanded Line of Chevy Dually Mud Flaps for Ultimate Truck Protection

*August 09, 2024*

Richardson, TX - August 09, 2024 - PRESSADVANTAGE -

Go Industries Inc. has announced the expansion of its popular dually mud flap line, adding various options for heavy-duty trucks. This expansion includes new products for Chevrolet, Dodge, and GMC models, strengthening the company's role as a leader in truck accessories.

The expanded line includes several types of chevy dually mud flaps, essential for protecting trucks from the wear and tear of heavy-duty use. These mud flaps are made to guard a vehicle's paint from mud, debris, and rocks. By extending its chevy dually mud flaps line, Go Industries aims to meet the growing demand for durable truck accessories.

A representative at Go Industries, said, "Given the rising need for high-quality protective gear for dually trucks, our new line of Chevy dually mud flaps is a natural step forward. These products are built for durability and efficiency, ensuring they meet our customers' high standards."

The new products come in various designs and materials, allowing customers to find the best fit for their specific trucks. Options range from Classic Dually Sets to Stainless Steel and Diamond Tread variations, providing choices to suit both style and function.

Besides Chevrolet-specific options, the company is also expanding its offerings for Dodge trucks. The new line of dodge dually mud flaps offers similar protective features, tailored specifically for Dodge dually trucks. This ensures Dodge truck owners now have access to top-quality mud flaps designed for their vehicles.

"Our commitment to offering specialized products for different truck models led us to expand our range of dodge dually mud flaps," the representative added. "These products not only offer protection but also improve the overall appearance of the truck while keeping functionality intact."

The expansion doesn't stop with Chevrolet and Dodge. Go Industries has also introduced options designed to be the best gmc dually mud flaps available. By offering a selection for GMC trucks, all major dually truck brands are now covered, catering to a wide range of customer needs.

"This expansion shows our dedication to meeting the needs of all truck owners," the representative said. "Our GMC dually mud flaps provide the same level of protection and style as our other products, making them the best option for GMC owners."

Details of the new products are available on the Go Industries website. Customers can browse the latest additions, choose their specific truck model, and pick the mud flaps that best suit their needs. Options include full sets and individual parts like brackets and flaps, allowing for more customization.

The website also offers resources such as installation instructions, product catalogs, and warranty information. Customers can also access articles and videos covering various aspects of truck maintenance and accessories, helping them make informed decisions.

Founded in 1978 and based in Richardson, Texas, Go Industries has long been a trusted source for truck accessories, law enforcement vehicle equipment, and custom manufacturing. The company's commitment to quality and innovation is clear in its expanded product lines and the recognition it has earned, including Platinum Status with the Specialty Equipment Market Association (SEMA).

For more information on the wide range of services and products offered by Go Industries, including grille guards, winch application systems, bumper replacements, and custom manufacturing services, visit the Go Industries website. The site provides detailed descriptions and specifications for each product category, helping truck owners make informed decisions about their needs.

Go Industries continues to adapt and grow, meeting the needs of a diverse range of truck owners with its new offerings. The addition of more chevy dually mud flaps, dodge dually mud flaps, and the best gmc dually mud flaps reinforces its commitment to providing high-quality, reliable, and functional truck accessories.
