

Las Vegas Metro Area Dentist Sharing The Love

January 19, 2016

January 19, 2016 - PRESSADVANTAGE -

Wineman Dental, a private practice dental office located in Henderson, NV, is proud to announce they are accepting nominations for this year's Share the Love campaign. This initiative, in its 5th year, will once again select a deserving man and woman from the nominees to receive their dental treatment completely free of charge. Full details are available through <http://www.winemandental.com/>.

Joseph A. Wineman, DMD ABGD, founder and owner of Wineman Dental, says: "We're happy to announce that we have begun accepting nominations for 'Share the Love' in 2016. We have done the Share the Love project for several years now as our way of giving back to the community. It has proven to be very popular with our patients, their families and staff. The staff really feels good about what we do for these deserving folks and we all look forward to seeing the dental transformation that occurs."

To make the Share the Love initiative possible, Wineman Dental has teamed up with various nearby specialists who also donate their services to the campaign winners. The local laboratories ASAP Dental Lab and Logic Dental Designs have also joined the initiative by donating their time and materials. People are encouraged to put forward their nominations for deserving candidates for Share the Love.

Dr. Wineman spent his first 22 years as a military dentist after graduating from the University of Pittsburgh

School of Dental Medicine, retiring at the rank of Colonel. He has been practicing in Henderson since September 2002. In 2015, he was recognized as the top dentist for the fifth consecutive year. This award is given by a vote of dental peers and means that his practice will once again be included in the trademarked TopDentists database.

The dental office has received many positive reviews over the years, both by those who have been picked for the Share the Love campaign and by regular patients. "Dr. Wineman and his staff are very professional and so friendly," says Natalie B. "We like that it's a family atmosphere and that we're not treated like a number. We have been going to Dr. Wineman for years and are very satisfied with the dental services and recommendations that we have received."

People are encouraged to submit their nominations for the Share the Love campaign. These can be done via email, over the telephone or in person. In the application, people are asked to highlight why someone is deserving of the free dental treatment, which can be for any reason, such as lack of finances, putting others first, or contributions to the community.
