

Aegis by Abraham Eye Associates Announce New Location in Newton Square, PA

August 14, 2024

August 14, 2024 -

Newton Square, PA ? Aegis by Abraham Eye Associates is thrilled to announce the late-summer launch of their newest location in Newton Square, Pennsylvania. Located at 100 Squire Dr Suite C, Newtown Square, PA 19073, their new office is roughly six miles southwest of their original location in Villanova. This is Aegis by Abraham?s first location expansion, marking this as a significant occasion for both the community of Newton Square and the optometry practice.

?Our goal at Aegis by Abraham is to cultivate positive patient experiences and provide a comprehensive range of optical and medical services for the whole family,? said optometrist and practice founder Mark J. Abraham, O.D. ?This expansion improves both. With more space we can provide a better patient experience, faster service, and offer more appointment options. And it also allows us to provide a larger range of services and frames.?

Certain eye conditions, such as dry eye and myopia, require advanced diagnostic tools and specialized treatments to effectively manage and alleviate symptoms. Aegis by Abraham is dedicated to utilizing the latest, state-of-the-art technology to ensure that patients receive precise and personalized care. Whether it's managing complex conditions or providing routine eye care, their skilled team of optometrists are committed to solving complex cases and ensuring a clean fit on new frames.

Aegis by Abraham Eye Associates is highly regarded in the Villanova community for offering comprehensive eye care services that cater to the unique needs of each patient. They strive to making eye care accessible, accepting a wide range of insurance providers, including EyeMed, ISP, and more ? not to mention working to accommodate out-of-network patients, to guarantee that everyone has access to the exceptional care they deserve.

?We are known for going above and beyond in the care we provide, both in terms of our service range and

staff expertise," added Dr. Abraham. "Expanding this affordable, quality care to more people is part of our mission statement. And we've become a leader in the region because of our ability to give patients what they want while simultaneously putting them at ease in a relaxed atmosphere."

Relaxation and a holistic approach to full-body health is part of their team's promise. Aegis by Abraham also offers some aesthetic services, which allows crossover for treatment plans like dry eye that rely on cutting-edge technology like intense pulsed light (IPL) therapy, or LLLT, which also have aesthetic benefits in addition to treating a traditionally stubborn eye condition.

Patients get to enjoy this full-service menu of eye care and aesthetic services in an office space that is warm, gentle, and inviting. Patients report that the appointment experience at Aegis by Abraham is as pleasant as their service is effective.

Aegis by Abraham Eye Associates is currently accepting appointments from both new and existing patients. People who want to schedule an appointment at their new Newton Square location should give them a call at (484) 282-0206.

About Aegis by Abraham Eye Associates

Founded in 2014, Aegis by Abraham Eye Associates delivers comprehensive eye care with a focus on both medical excellence and aesthetic enhancement. They offer a wide range of specialized services, including advanced dry eye therapy, myopia management, and aesthetic procedures such as Botox and Blepharoplasty. Their eyewear selection includes premium brands like Ray-Ban, Oakley, and Tom Ford, along with specialty lenses tailored to individual needs. What sets their practice apart is their commitment to delivering personalized care in a soothing, spa-like environment, using state-of-the-art technology to ensure each patient's unique needs are met with precision and compassion. Aegis is where advanced care meets soothing transformation.
