January 26, 2016 - PRESSADVANTAGE -

Hire The Right Talent LLC, a business in Canfield, OH, has announced that they are celebrating their 9th year serving small businesses as an independent recruiting firm. They help companies find, attract and hire employees so that they can meet their sales, product and growth goals. The services they have offered over the past nine years have been very positively received.

Steph Kelly of Hire The Right Talent, LLC says: "As a hiring and recruiting strategist, I specialize in leveraging social media for killer recruitment marketing campaigns and well-designed, consistent planning to ensure a smooth recruiting and hiring process. I'm very happy to see that this strategy has proven to be very successful over the past 9 years and I look forward to the future and thank my clients for their continued trust and support."

In addition to offering custom employer solutions, Hire The Right Talent also runs a social media fueled job board alternative for small businesses. Because of their focus on social media, it is also possible to find Hire The Right Talent on Facebook. This page is dedicated to industry news, but it also provides people the opportunity to connect with the agency directly. The agency also believes that social media, and particularly

Facebook, should be an integral part of any recruitment campaign.

"Some 1 million links are shared on Facebook every 20 minutes," adds Steph Kelly. "This shows just how wide the reach of Facebook is. People take Facebook with them wherever they go as well, with notifications showing up on their mobile devices. This means that a job could be posted through social media, and could be visible to the right candidate instantly. The potential in that is huge, and we incorporate it in all our listings."

R8Jobs, a social media powered job board alternative, is a perfect example of the strength of Facebook and other social platforms for social recruiting. Hire The Right Talent works closely together with R8Jobs, where the goal is not to find a job, but rather to find the right job. The potential for employees to find the right job candidate through there is tremendous.
