Employment Agencies In Roseburg Committed To Address Economic Downturn

March 07, 2016

March 07, 2016 - PRESSADVANTAGE -

Roseburg, OR employment agency Express Employment Professionals are committing 2016 to turning the tide for employment opportunities in Roseburg. The employment statistics in Roseburg continue to be very poor, with high levels of unemployment and negative job growth, so the announcement comes as welcome news. The employment agency has listed a number of available positions on their website, <https://www.expresspros.com/RoseburgOR/Job-Openings.aspx>.

"We believe 2016 is going to be a great year for Roseburg," says Willis Cook from Express Employment Professionals. "Perhaps it will even be the year that turns the tide and helps bring the community back to the vibrancy of years gone past. We are very proud to be at the heart of these developments, particularly because, as an employment agency, we are always committed to improving the community as a whole, including by supporting local initiatives."

At the last count, the unemployment rate in Roseburg is 9.9%, compared to the 6.3% national average. Job growth is currently a negative, at -1.53%, compared to the national average positive of 1.18%. Nevertheless, over the next ten years, it is predicted that there will be a 27% job growth. While still significantly lower than

the national average of 36.1%, this is a positive development and the new surge in positions could mean that the tide is in fact turning for the community. As shown on <https://www.expresspros.com/RoseburgOR/About-Us/Default.aspx>, this is something that Express Employment Professionals would want to support as much as possible.

While Roseburg is a diverse community, its greatest employment opportunities are in sales, office and administrative support, production, transportation and material moving, and management, business and finance. The new job openings offered through Express Employment Professionals follow these trends, although they also include a number of different industries. "We currently have vacancies for welders, receptionists, cooks, sales engineers, mattress delivery people, service porters, dryer feeder and more," adds Willis Cook. "We really encourage everyone to check out the vacancies and apply where they can. After all, the quicker these vacancies are filled, the better it is for the local economy."

Interested parties are encouraged to contact the agency through <https://www.expresspros.com/RoseburgOR/Contact-Us/Default.aspx> as soon as possible.
