Home Instead New Forest Launches Live-In Care to Enhance Home Support in the New Forest

September 12, 2024

September 12, 2024 -
Home Instead New Forest has introduced live-in care services to offer full-time support to people in the New Forest community. This service will be available in areas such as Lymington, Brockenhurst, Milford on Sea, Hordle, Boldre, and nearby locations. The live-in care aims to meet various needs such as companionship, errands, carer support for diabetes and mobility, meal preparation, transportation to medical appointments, medication management, fall prevention, and general household chores. The goal is to help clients maintain their independence and improve their quality of life by staying in their own homes.

Many elderly individuals and people with specific health conditions prefer staying at home rather than moving to a care facility. This new service by Home Instead New Forest allows them to receive professional care in the comfort of their own homes. This can significantly improve their mental and emotional well-being. The live-in care services target the increasing healthcare needs among the elderly. They offer support for those dealing with Alzheimer's, dementia, cancer, Parkinson's, neurological conditions, postoperative recovery, and arthritis. Each client gets a personalised care plan that takes into account all aspects of their health and well-being.

Tim Oswald, a spokesperson for Home Instead New Forest, commented on the launch of the new service: "We recognise the immense importance of providing personalised care to individuals who wish to remain in their homes. Our goal is to ensure that our clients receive the highest possible standard of care with minimal waiting times. The launch of our live-in care services reflects our dedication to meeting the diverse needs of the New Forest community."

Since its founding on July 3, 2019, Home Instead New Forest has been providing a range of home care services. It is highly regarded in the community, earning a rating of 'Good' from the Care Quality Commission (CQC) and holding a 9.4 rating on homecare.co.uk. The company also boasts six 5-star reviews on Google, showing their strong commitment to quality care.

Home Instead New Forest offers various services, including home visits that provide companionship, home help, personal care, night care, day care, and respite care. Specialised care is also available for conditions like Alzheimer's, dementia, cancer, Parkinson's, neurological conditions, palliative care needs, postoperative recovery, and arthritis.

The healthcare services offered by the company are extensive. They provide nail care, catheter care, stoma care, simple wound care, vital signs monitoring, diabetes monitoring, non-invasive ventilation, gastrostomy care, and feeding support. These services are vital for ensuring clients' health and well-being and managing their medical needs effectively and professionally.

Families can access the live-in care services with minimal waiting times, making it easier to get the support they need without delay. The service covers Barton on Sea, New Milton, Lyndhurst, Beaulieu, Totton, and broader New Forest regions. Home Instead New Forest is open Monday through Saturday from 9:00 to 17:00 and offers 24-hour online support.

To learn more about this new service, visit https://www.pressadvantage.com/story/69291-home-instead-new-forest-launches-live-in-care-services-to-enhance-home-support-in-the-new-forest. This initiative underscores Home Instead New Forest's ongoing commitment to improving the lives of individuals and families in the area. More details can also be found on their official website.

As Tim Oswald aptly stated, "Our tailored approach to home care sets us apart, ensuring that our clients receive the best possible support, whether it's companionship, medical assistance, or daily household tasks."

With a dedicated team and a wide range of services, Home Instead New Forest continues to offer invaluable care solutions to the community, enhancing both the physical and emotional well-being of its clients. For more information, search for Home Instead New Forest.
