

Lyttle Sisters Accept Invitation to Speak at Internet Marketing Event in South Africa

January 11, 2016

January 11, 2016 - PRESSADVANTAGE -

Paulshof, South Africa - After successful visit to South Africa in 2015 with Success Resources, Alicia Lyttle and Lorette Lyttle will be returning in 2016 to speak at another entrepreneurial event in the country. The duo has become renowned worldwide for their expertise in the fields of internet marketing and social media.

The event, which is being put on by Success Resources South Africa (Pty), will be held on the 12th and 13th of March at Vodacom dome Voda world, Johannesburg. Alicia Lyttle and Lorette Lyttle will be among the main speakers at the event and will help to train attendees to learn more about the opportunities existing in the world of internet marketing and social media.

During their trip to South Africa in 2015, Alicia and Lorette used their knowledge and expertise to help hundreds of people become skilled online freelancers. The two, who are referred to by their peers as the Lyttle Sisters, are expected to once again provide valuable insight on the internet marketing and social media landscape.

In addition to presentations on how to convert passions into online profits, attendees will also learn how to make money on Amazon.com and how to leverage the power of social media. With more brands operating online and using social media to connect with clients globally, these platforms are considered important in the field of internet entrepreneurship.

Since accepting the invitation to speak at the Success Resources event, the Lyttle Sisters have expressed their enthusiasm about returning to South Africa to spread their knowledge. "We are so excited to be returning to South Africa. Our 2 trips in 2015 were a huge success. Our students from South Africa are doing well with Freelancing and selling on Amazon. It's always exciting to help someone start their own business and succeed," said Alicia Lyttle when asked to comment.

Younger sister, Lorette, was equally insightful in her comment. "What an honor it is to be invited back to South Africa. We are returning with new techniques and strategies that will get everyone so inspired to make 2016 their best year yet," she said.
